VOL. 93 NO. 85 — VICTORIA, B.C., TUESDAY, OCTOBER 11, 1938—16 PAGES — PRICE FIVE CENTS

# B.C. Gas Price Cut Within 10 Days

### Price-fixing Regulations For Province Now Being Drafted

## Result of Inquiry

The price of gasoline in British Columbia will be arbitrarily reduced by government order within 10 days.

This became known today after Dr. W. A. Carrothers, chairman of the Coal and Petroleum Products Control Board, had spent a week in Vancouver discussing price-fixing plans with oil company representatives, distributors and retailers of petroleum products.

How much the reduction will be is not revealed, but one report says it may be 3 or 4 cents.

Dr. Carrothers told the Times today a decision as to the new price of gas probably will be reached sometime this week.

The price-fixing regulations can then be drafted in a week or 10 days.

An order-in-council by the provincial cabinet is necessary to bring it into effect.

The present price of gasoline in Victoria is 28 cents a gallon for standard and 30 cents for ethyl.

Besides fixing the price the regulations will probably cover trade practices in the sale and distribution of gasoline, including such items as rebates to retailers, bonuses on sales and similar matters.

The regulations to be drafted will carry out the promise made by Premier Pattullo at the Liberal convention in Kelowna of a substantial reduction in the price of gas

The fixing of gas prices, probably the most important step ever taken by a government in British Columbia to deal with commodity trade, is an outcome of the three-year investigation conducted by Mr. Justice M. A. Macdonald into the coal and petroleum industries.

Two sections of this report were tabled a year ago and a further section showing the relative economic values of coal and petroleum is now being prepared.

In his report Mr. Justice Macdonald recommended sizeable cuts in gas prices, claiming the system of distribution was uneconomic.

Oil companies are reported to be objecting to any reduction, claiming they show no profit at present prices. A suggestion is that at least part of the cut will be at the expense of retailers.

The control board has the power to fix not only the maximum sale price, but also to determine the spread between wholesaler and retailer.

## MOVE TO PREVENT TYPHOID SPREAD

### Vancouverites Recently In Merritt Examined By Their Physicians

VANCOUVER (CP)—Dr. Stewart Murray, Vancouver medical officer, today asked citizens who have visited Merritt, B.C., to consult their physicians as a precaution against typhoid fever.

He said he had received information of an outbreak of the disease there which affected at least 30 persons and caused the death of a six-year-old boy. His information said the first case was reported September 16.

Dr. Murray said the provincial laboratories here were now examining specimens from Merritt in an effort to determine source of the epidemic.

VATICAN CITY (CP)—L'Osservatore Romano, Vatican newspaper, today quoted a "reliable source" as saying in a dispatch from Vienna that Theodor Cardinal Innitzer planned to confer personally with Chancellor Hitler concerning the raid on the cardinal's palace Saturday night.

Meanwhile, in Vatican circles, it was said that no further details of the incident had been received and nothing was known of the purpose of a call made by the Papal Nuncio at Berlin, Monsignor Cesare Orsenigo, at the German Foreign Office.

## Premier Back From Ottawa

### Pleased With Federal Recognition for Alaska Highway Project

Pleased with the federal government's undertaking to appoint a Canadian commission on the Alaska Highway project, Premier Pattullo returned to Victoria today from Ottawa where he negotiated the arrangement.

The Premier returned by way of the United States.

He said he regarded the federal government's promise as another step toward the accomplishment of the Alaska Road. The appointment of a commission would be recognition of the worth of the project.

"We took up numerous other matters at Ottawa," the Premier said, "but as we happened to be there just at the time of the international crisis it was difficult to arrive at any finality.

"I discussed the general road policy at length but we cannot make any announcement on that yet."

The Premier was met at the Seattle boat by Mrs. Pattullo and his secretary, Ben Hethey. He has been away from Victoria since the latter part of September.

Hon. G. M. Weir, Provincial Secretary, also returned to Victoria today, but said he was not in a position to discuss such matters as health insurance until the Legislature meets.

## Fight Looms Over New Pension Plan

Some members of the City Hall staff, dissatisfied with proposals outlined in the new superannuation scheme drafted for application to municipal employees in British Columbia, will introduce a motion at a special employees' meeting on Friday, urging the association not to approve the scheme.

It was felt, among those dissatisfied with the new plan, that it was little more than an old age pension scheme. They objected to the regulation of their affairs following retirement on superannuation and voiced the hope S. H. Pipe or Norman Baker, engineers of the scheme, would attend a meeting at which they might present their views.

## SEPTEMBER FIRE LOSS ONLY $19

Fire losses in Victoria for September hit a new low of only $19. This figure brought the year's losses to date to $11,949.

In September last year the loss was $1,217 and the loss for the nine-month period was $63,543, including the $48,000 Post Office fire.

## Hit-and-run Boatman Hunted By Police

NEW WESTMINSTER (CP)—Police today sought a hit-and-run boatman whose small craft crashed into two fishing vessels in berths here Sunday night and then disappeared in the fog. One of the fishing boats was sunk and the other badly damaged.

# Civic Pensions To Be Reduced Under New Plan

### Retired Workers Will Also Suffer Cut in Superannuation

## New Legislation

The pension system for 3,300 working municipal employees in British Columbia and another 900 already drawing allowances will be radically altered under a new superannuation act now being drafted to save the existing pension scheme from collapse.

Details of the plan were learned today after provincial experts had carried on negotiations out of which representatives of 2,400 employees decided to petition for the scheme with some reservations, and the Union of B.C. Municipalities executive, representing the employers, approved it in principle.

A full report of the negotiations will now be made to the government, which will then consider bringing in legislation at the coming session.

**SMALLER ALLOWANCES**

Generally speaking, the new pension plan will mean smaller retiring allowances for municipal servants, but they will be assured of getting them.

The present pension scheme, to which employees have been contributing for a number of years, is threatened with bankruptcy in a few years because of the large sums required to pay pensions for service prior to its initiation.

The new plan has been put up in the nature of an ultimatum to municipal councils and employees.

It is proposed that the old pension scheme be scrapped entirely. Under this an employee could contribute from 4 to 8 per cent of his salary and the city had to match it. His pension was then calculated on the amount put into the fund for him, with a further allowance for the years he worked prior to the pension scheme coming into effect. Thus the man with a big salary got a bigger pension.

Under the new plan the contribution from the employer (that is the city) would be the same for all employees, regardless of their wage classifications. This will be designed to guarantee an employee $30 a month after 20 years service, which is the minimum time of service required before a person could get a pension. For every year above 20 years' service he would get an extra $12 a year.

**ANNUITY PLAN**

In addition to this the employee could contribute from 4 per cent of his salary upwards to buy himself an extra pension on a straight annuity basis. In this way a person earning a larger salary could still buy himself a larger pension than the man earning a smaller salary, depending on what percentage he wished to contribute.

The compulsory retirement age under the new plan would be raised from 60 to 65 years, but it is expected optional retirement at 60 would be allowed, although the pension would be smaller.

Approximately 900 ex-municipal employees now drawing allowances would have them cut by the scheme. About 60 or 70 of these are drawing big pensions and would be heavily reduced. Others would get minor cuts.

In order to salvage what is left of the present pension scheme, a special arrangement on financing will be necessary, with the government underwriting the municipal debt to the fund without interest.

To pay off their obligations munipilalities would start by making a flat contribution each year of 7 per cent of their payrolls. This would continue until they had caught up on the amounts now owing. Victoria owes approximately $140,000.

## Canadian Pilots Train at Oakland

VANCOUVER (CP) — Seven Canadians are enroled in the Boeing School of Aeronautics at Oakland, Calif., according to information released here by the United Air Lines, which controls the school.

Among the students are Fred Buller, Andrew Jukes, Alfred Long, Fred Pope and R. M. Reid, all of Vancouver; George Smith, Dauphin, Man., and George Wilcox, Windsor.

**FIGURES IN CONTROVERSY**—While Col. Charles A. Lindberg, above, was in Berlin today Lady Astor, M.P., was denying in London that he had made derogatory remarks about Russia's air force at a dinner party at Cliveden, Lord and Lady Astor's home. See story on Page 2.

## Bombs Thrown in Jerusalem

JERUSALEM (AP) — Four bombs were thrown from the old city ramparts of Jerusalem today at a convoy of official motor-cars in what was believed to be an unsuccessful attempt to assassinate Edward Keith-Roach, British district commissioner for Jerusalem.

Two of the bombs exploded on the Jericho road, but none of the four cars was hit. Mr. Keith-Roach's car was accompanied by two military escort automobiles and a police armored car. Mr. Keith-Roach, 53, has been commissioner for the Jerusalem district since 1931.

Violence continued through the Holy Land today in the face of a British military campaign to quell Jewish-Arab disorders over rival claims to Palestine as a homeland.

The Arab death toll in fighting with troops in Beisan Valley reached 15.

**REINFORCEMENTS**

LONDON (AP) — Additional troops were preparing today to journey to Palestine to quell Arab-Jewish disorders in which fighting has reached a scale unprecedented since British and Turks fought there during the World War.

According to a Colonial Office announcement, four more battalions of troops, one artillery battery and an undisclosed number of armored cars will be dispatched to the Holy Land during the next two or three weeks.

These troops will bring to 21,000 the estimated number of British soldiers and police trying to put down a state of virtual civil war which flared on July 3, 1937, when a British royal commission recommended partition of Palestine into Arab and Jewish states, and a British mandated section.

**LEADERS CONFER**

The decision to send the reinforcements was taken after Malcolm MacDonald, Secretary for Colonies, had held urgent conferences with high government officials on the growing violence.

## BLUENOSE RACE NOT COMPLETED

### Wind Too Light So She and Thebaud Are Called Home

GLOUCESTER, Mass. (AP)—Light airs today prevented completion of the second sailing contest between the United States challenger, Captain Ben Pine's Gertrude L. Thebaud, and the Canadian defender of the International Fishermen's Trophy, Captain Angus Walters' Bluenose.

When the contest was called off, Bluenose was leading Thebaud by about a mile. At 2.55 p.m. (11.55 a.m., P.S.T.), with only a minute remaining and about 15 miles of the 36-mile course unsailed, the race committee came alongside and notified Captain Pine the race was ended and asked him if he would sail tomorrow.

Capt. Pine roundly criticized Capt. Charles M. Lyons of the committee for permitting the contest to continue long after it was obvious the vessels had no chance of finishing within the six-hour time limit.

Pine said if Capt. Walters agreed he would refuse to race tomorrow. His crew needed rest.

## ST. LOE STRACHEY BARRED FROM U.S.

### Leftist Author and Lecturer Told He Must Return to Britain

NEW YORK (AP) — Evelyn John St. Loe Strachey, British leftist author and lecturer, today was ordered excluded from the United States.

The order, issued by a special board of inquiry of United States immigration authorities at Ellis Island, classed the lecturer and author as "a non-immigrant not in possession of a properly visaed passport."

Strachey arrived yesterday in the liner Normandie and promptly was taken into custody by immigration officials. The officials had been notified by the State Department that the former British Parliament member's visa had been canceled a few hours before the Normandie sailed.

Strachey spent last night aboard the Normandie. Today he was taken to Ellis Island for the board hearing.

## Dominion to Aid Airport Here

### R. W. Mayhew Reports On Steps to Link City With Airways

The Dominion Government will give substantial financial assistance toward the construction of an airport for Greater Victoria, R. W. Mayhew, M.P., announced today following his return from Ottawa.

The Trans-Canada Airlines has agreed to extend its service to Victoria if the city provides airport facilities so that a permanent link with the Transcanada system now rests with the initiative of the citizens, Mr. Mayhew said.

Mr. Mayhew made arrangements with the government and airways authorities so that if the city goes ahead with plans for a permanent airport the airways can use temporarily the Patricia Bay airfield and thus get the service into operation within a short time.

The member intends to lay the details of his discussions before the city's airport committee and the Chamber of Commerce to consider ways and means of establishing an airport.

**AIR MAIL**

In the meantime Mr. Mayhew said Victoria will be linked with the Transcanada air mail by the C.P.R. boat service. The afternoon mail from here will be handled on the night plane out of Vancouver so that an air mail letter posted here up to 1 p.m. will reach Winnipeg the next morning.

Mr. Mayhew issued the following brief summary of his negotiations at Ottawa:

"The Trans-Canada Airlines is prepared to give Victoria a direct service, bringing planes into Victoria, as soon as there is a civil airfield ready for their use.

"The Dominion Government is prepared to give substantial financial assistance in the preparing of such a field, but the initiative will have to be taken by the citizens of Greater Victoria.

"Hon. C. D. Howe, Minister of Transport, said the Trans-Canada Airlines would be permitted to use the Patricia Bay field temporarily if the Department of National Defence would allow it.

"Hon. Ian Mackenzie, Defence Minister, said the airways would be allowed to use Patricia Bay temporarily if the city decided to go ahead with a permanent airport scheme, but there was no use doing this if the city did not go ahead."

Mr Mayhew, who returned Saturday night from the federal capital, took up a long list of items with the Ottawa authorities.

"The three most important were the airport, the cleaning up of the harbor (which is under way) and the new federal building," he said. "I think I can say that all three are within sight of being consummated."

He did not enlarge upon the reference to the federal building, except to state the matter of a site is in question.

Dr. M. Stanisheff, rector of the state university medical school and one of Bulgaria's best known surgeons, was attempting to save the life of the slayer, Stoil Kiroff, who shot down the general and his adjutant yesterday and then turned his gun on himself.

Official quarters maintained silence on Kiroff's possible motives. Gen. Peyeff, who was 55, was not known to have had either personal or political enemies. Kiroff was described as a former policeman.

## MOONEY APPEALS TO GOVERNOR

### Life-termer, All Court Actions Ended, Asks State Chief for Pardon

SAN FRANCISCO (AP)—Tom Mooney, turned down by the United States Supreme Court in his fight for freedom, placed his case before the voters of California today.

The convicted San Francisco Preparedness Day bomber serving a life term in nearby San Quentin prison, last night dropped further appeal to the highest United States tribunal and demanded Governor Frank F. Merriam give him an immediate pardon hearing.

In a telegram to Governor Merriam, Mooney accused the executive of declining for four years to act on his application for an unconditional pardon on the ground the case was still in the courts.

"You are hereby duly notified by me that all court actions in my behalf are now concluded and no other court actions are contemplated," Mooney telegraphed the governor.

## CHALLENGE FROM LEWIS TO GREEN

### But A.F. of L. Head Indicates He Will Not Resign If C.I.O. Head Does

WASHINGTON (AP)—John L. Lewis offered today to resign as chairman of the Committee for Industrial Organization if Wm. Green would resign as president of the American Federation of Labor to pave the way for peace between the two organizations.

Lewis told newsmen the suggestion from the federation's Houston convention that Lewis withdraw from the C.I.O. was "manifestly not a unilateral problem."

"Obviously it's bi-lateral and the same suggestion would apply to Mr. Green, whose recent ferocity seems to know no bounds," Lewis said.

"In any event, I think it worth trying.

HOUSTON, Tex. (AP)—William Green, president of the American Federation of Labor, said today delegates to the federation's annual convention here would "answer" John Lewis' offer to resign as Committee for Industrial Organization chairman if Green would step out as federation president.

Green will seek re-election as A.F. of L. president Friday. He has no opponent.

## Two Mothers, Their 9 Young and Relative Victims

## TIMBER LOSSES

FORT FRANCES, Ont. (CP)—Fourteen persons were burned to death in forest fires which raged in Dance Township, about 50 miles northwest of here, yesterday and today. Police are also seeking a whole family, cut off by the flames.

Victims of the fire:

Mrs. Violetta Labelle, 33, wife of William Labelle, and her five children, Abigail two, Robert four, Arthur six, Violettan eight and Margaret 11.

Mrs. Sadie Labelle, 37, wife of Noah Labelle, and her four children, Florence two months, Calvin three, Walter five and Charles six.

Maxine Labelle, 11, daughter of Frank Labelle.

Ben Fults, 60.

An unidentified man.

**TREATED BY DOCTORS**

Ten persons are in hospitals receiving treatment for serious burns.

They are: Noah Labelle and two children, Mr. and Mrs. Frank Labelle and two children, Robert Peterson, 52, and Nat Lavergne, 44, and an elderly man police did not name.

Constable Heeney of the Ontario police reported that forest rangers and police were tracing fire zones in Dance Township, where all the victims lived, in the hope of locating the missing family. The names of those missing were not obtained.

The constable said last night's rain was a great help to fire-fighters, who have ordered all persons to leave their home northwest of Fort Frances and along the international border west of the town.

After eating slowly through the timber country for the last two weeks, the flames crackled into roaring fires yesterday as the wind increased, razed valuable timber and piles of cut pulpwood and turned settlers' homes into blackened ruins.

**CARRIED BY WIND**

The families of Noah Labelle and his brother Bill lived in a sparsely-settled district. Bodies of the mothers and nine children were brought to Fort Frances today by Ontario provincial police, who sped through the countryside while flames swept along a front of 50 miles, creeping to within a mile of Fort Frances at one period yesterday.

**FOUND BESIDE ROAD**

Constable David Hamilton, who described the situation in the fire zone at present as "topsy turvy," told how searchers stumbled on the charred bodies of the mothers and their children beside the road from their homes. The women had died with their bodies stretched across their two smallest infants in a vain attempt to save the little ones from the searing flames.

"The fire had been burning for the last two weeks or so," the constable reported. "Yesterday it was fanned by a south wind and reached its height about 1 or 2 o'clock in the afternoon.

"Many homes of families of settlers were burned."

## BITTER FIGHTING IN YANGTZE VALLEY

### Chinese Battle on Plains Defending Hankow Against Japanese

SHANGHAI (AP) — Artillery thunder echoed through the Yangtze valley today as Chinese and Japanese engaged in a bitter duel for hills around Yangsin, keypoint of southeastern Hupeh province plains protecting Hankow.

The Japanese reported their forces were closing in on the wartime capital of Hankow from other directions while the offensive was intensified against Yangsin, which foreign military sources called the most important point in the present fighting, since occupation would permit the Japanese to sever the railroad south of Hankow, thus cutting off vital communication lines to Canton.

Foreign military attaches estimated the Chinese have had 1,150,000 casualties and the Japanese 350,000 in more than 15 months of warfare.

# Lady Astor Scores Lindbergh Story

BERLIN (AP)—Col. and Mrs. Charles A. Lindbergh arrived at Tempelhof Airdrome today after a flight from Paris by way of Rotterdam, where they stayed overnight.

Lindbergh came to attend the annual meeting of the Lilienthal Society for Aerial Research, opening tomorrow.

LONDON (AP) — Viscountess Astor, Conservative, member of Parliament, declares the London Communist newspaper, the Daily Worker, was responsible for the story Colonel Charles A. Lindbergh criticized the Soviet air force at a dinner at her home.

"This emanates from the same source—the Daily Worker—which said we gave a dinner to Lindbergh and invented the story of the Cliveden Set," Lady Astor said. "There is no truth in it."

For months some opposition newspapers have charged an aristocratic pro - German group centring about Lady Astor's home and known as the "Cliveden Set" influenced Prime Minister Chamberlain in his foreign policy. Lord and Lady Astor both have denied such a group exists.

Yesterday the Labor paper, the London Daily Herald, quoted Lady Astor as declaring the Lindbergh story a "complete lie."

"Col. Lindbergh has not dined with us since he returned from Russia, and in fact I have never given a dinner party for him," the newspaper quoted her.

"It is a complete lie, too, that Col. Lindbergh has ever made any sort of pronouncement about the Russian air force or about anything else during a dinner party at my house or in my house at all."

### RUSSIAN LETTER

Col. Lindbergh, who visited Russia in August, was denounced by 11 leading Soviet airmen in a letter published in Moscow yesterday. They asserted he was a guest in Lady Astor's home when he made statements derogatory to Soviet aviation and may have encouraged influential Conservative circles to urge Prime Minister Chamberlain to go ahead with his agreement to permit Chancellor Hitler to dismember Czechoslovakia.

Col. Lindbergh refused comment yesterday when he landed in Rotterdam en route from Paris to Berlin.

Last Thursday Ellen Wilkinson, Labor, called parliament's attention to a story which appeared in the October 5 issue of The Week, leftist publication.

She did not mention Lindbergh by name, but spoke of "a prominent American airman."

She said "influential people in this country" had told Reichsfuehrer Hitler and Foreign Minister Joachim von Ribbentrop "that in no circumstances would Britain fight over Czechoslovakia or Austria.

"It is very serious that a prominent American airman should be invited to lunch by these people and should tell them that this country could not do anything against a German air force, which was better than the combined air forces of Great Britain, France and Russia.

"When faced with cross-examination he could not substantiate his claims. It is an organism of defeatism behind the scenes of which this country should take note."

The Havas News Agency in a London dispatch quoted unnamed United States circles as stating Col. Lindbergh's investigation of air strength could be summed up as follows:

Soviet Russian air equipment is excellent, and comprises expert copies of United States models. But the flying personnel is insufficient in number and the ground crews, especially the mechanics, have not enough training to handle ships and motors properly.

In Germany where he piloted several newer machines, this account went on, he concluded they were the best of all he had seen in Europe. He also found production capacity of German aviation plants higher than that of any other country.

As for British aviation, Col. Lindbergh was declared to have thought the planes were fairly adequate, but slow, the number of pilots insufficient and production incapable of matching the German output.

Among the 11 Russians who signed the letter published yesterday were Vasily Molokoff, civil aviation chief and a noted flier; Valeri Chekaloff, Georgi Baidukoff and Alexander Beliakoff, who flew from Moscow across the North Pole and B. C. to Vancouver, Wash, in June, 1937, and Mikhail Gromoff and Sergei Danilin, two of the airmen who flew a month later 6,262 miles from Moscow to California by way of the North Pole.

**Agreement About to Be Signed Will Have Great Ramifications In World of Commerce**

By ANDRUE BERDING
Associated Press Staff Writer

WASHINGTON—World trade barriers will take another tumble soon when the United States concludes with Great Britain an agreement to reduce tariffs on hundreds of products.

Although the terms of the accord have not yet been disclosed, authorities said today it would have vast ramifications and considerable influence on the commerce not only of the countries involved but also of the world in general. They characterize it as a substantial agreement.

What it means to the world is that the two greatest foreign trade nations are agreeing to increase the commerce between them by means of tariff reductions.

The United Kingdom accounts for about 10.6 per cent of the whole world's exports and 18.2 per cent of imports; the United States for 11.7 per cent of the exports and 11.2 per cent of the imports.

The importance of the agreement may be seen in the fact that the United Kingdom is the best customer of the United States.

### MONTHS OF DISCUSSION

Negotiations for the Anglo-American accord have been going on with a British delegation here since the end of March. The United States government presented a list of about 400 products on which it would consider tariff reductions. The United Kingdom presented a similar list.

With the forthcoming conclusion of the agreement, the United States will have more than half its foreign trade covered by such treaties. Five of the 10 principal customers for American products will be trade agreement countries, namely, the United Kingdom, Canada, France, Belgium and the Netherlands.

The five principal nations which have not entered agreements with the United States are Japan, Germany, China, Italy and Mexico.

# Young Liberals' Island Council

DUNCAN—At their first annual all-day convention the 20th Century Young Liberal clubs of Vancouver Island met here Thanksgiving Day and set up the Island 20th Century Young Liberal Council. Strong delegations came from the clubs in Nanaimo, Victoria, Saanich, Ladysmith, Salt Spring and the Gulf Islands.

Two councillors from each club were chosen to hold office for the next 12 months as follows: G. Abernethy and I. Hancock of Duncan, Colin Mouat and E. L. Borradaile of the Islands, R. Fairclough and R. Flanagan of Victoria, E. Heyes and T. Young of Ladysmith and C. Murray Reynolds and L. Dobinson of Nanaimo.

Alan Chambers of Saanich, former federal Liberal candidate for Nanaimo, presided and was chosen by acclamation as president of the council.

After adopting the constitution setting up the council the convention debated a number of resolutions dealing in the main with the stand of the 20th Century Young Liberal movement on cardinal points of policy.

At the banquet after adjournment delegates heard Mr. Chambers, who said: "We affirm our faith in democracy and pledge our continuous efforts to make it efficient. We are unalterably opposed to the doctrines of fascism and communism and similar movements subversive of democracy. We consider that in spite of the efforts in the field of training young people for employment and the many varied schemes of the federal and provincial governments, unemployment remains Canada's most urgent problem and we urge a united effort by the people led by the two governments to encourage new industries and the wider development of established industries. Particularly do we feel that every effort be made in the field of housing. We support the Alaska highway project as a large potential factor in re-employment in this province and urge its early commencement."

Mayor Greig of Duncan welcomed the 107 delegates in the morning and invited guests who attended included C. E. Whitney-Griffiths of Esquimalt, Carew Martin of Victoria and G. Buckham and Peter Thornton of Duncan.

# FEW ACCIDENTS MAR HOLIDAY

**Safe Driving Features Day of Thanksgiving Across Canada**

OTTAWA (CP)—Canadians offered thanks yesterday for the peaceful issue from the European situation and thousands flocked to sports parks as they observed the Thanksgiving Day holiday. Springlike weather favored most parts of the Dominion and highway accidents were scarce despite heavy traffic.

Services were held in churches of many denominations.

Prime Minister King, en route to the southern United States for a holiday, issued this statement before he left: "Happily the European crisis is over and I think we have reason to believe the nations of the world will seek to create a basis for permanent peace. Monday is Thanksgiving Day and I am sure that all of us wherever we are will have greater reason than ever to be thankful. We should pray that the peace will be abiding."

Ottawa passed the day quietly, but a sense of profound gratitude for two great recent blessings permeated government circles. These were the great wheat crop with which the west is "coming back" and the quiet spell internationally after the recent European crisis.

# British Volunteers Reorganize Units

LONDON (AP)—A British government decision to put its volunteer home defence force on a regular army footing met widespread and enthusiastic response today.

The territorial force of about 200,000 men is to undergo complete reorganization, a consequence of deficiencies noted during mobilization of anti-aircraft and coastal units during the Czechoslovak crisis.

New anti-tank, anti-aircraft and motorcycle units will be added. Gun equipment will be increased.

Rt. Hon. Leslie Hore-Belisha, War Secretary, announced the changes in a speech at an officers' dinner last night, and the announcement inspired lengthy discussions in the British press.

The London Daily Mail suggested unemployed be drafted into essential industries to hasten rearmament, following the example of Germany.

Most papers published along with full reports of the War Secretary's speech pictures of the Territorial Army's activities. Special articles urged the need of recruits.

Mr. Hore-Belisha said the reorganization would "produce an up-to-date army capable of reinforcing the regular army by units or formations." This indicated the force would be trained for continental use as well as for home defence, its present definite field.

### READY FOR ACTION

"The new scheme," said the London Times, Independent, "makes the territorial army technically a replica of the regular army. It reflects the fact that we cannot afford in these days to depend on improvisation. The only possible criticism which can be levelled against the scheme is that, like any other reforms in our system of national defence, it ought to have been carried out long ago.

"Herr Hitler said: 'I am of the opinion that it is cheaper to arm before events than to be unarmed at the mercy of events.' Mr. Chamberlain expressed exactly the same thought last Thursday."

## Auto Plants Pay Lower Price for Steel

NEW YORK (CP)—The Wall Street Journal today said in a Detroit dispatch that major steelmakers, led by United States Steel and Bethlehem Steel, had reduced the price of sheet steel to Detroit automobile manufacturers $4 a ton. The cut was said to be retroactive, covering all present orders as yet undelivered.

# Cardinal's Palace Guarded By Police

VIENNA — Joseph Buerckel, Chancellor Adolf Hitler's commissioner for Austria, was reported today to be preparing to send to concentration camps persons responsible for Nazi attacks on 62-year-old Theodor Cardinal Innitzer.

He was said also to be investigating a stirring sermon preached Friday by the cardinal, which was followed by the riots.

Informed circles charged youthful elements took advantage of the general indignation caused by the sermon to make the cardinal's palace the target for an attack.

Police today kept the sidewalk in front of the archbishop's palace closed, and curious crowds gathered near the scene of Saturday night's disturbances.

Yesterday and Sunday police and detectives guarded the cardinal and his partially-wrecked palace.

During the riot Saturday night Cardinal Innitzer suffered a forehead wound from a piece flying glass as he knelt in his private chapel.

### SUFFERS CONCUSSION

At the opposite end of St. Stephen's Place, a group of men invaded the second-floor apartment of Canon Johann Krawinik, 50, and threw him from a window. He was taken to a hospital with concussion of the brain, fractures and internal injuries.

Canons reported gold and silver treasures of Cardinal Innitzer's residence were stolen and other precious objects either taken or ruined.

One church source said the valuable library was in "sad condition" and the church museum a heap of wreckage.

Sunday night a milling throng packed St. Stephen's Place. Boys and girls of the Hitler youth movement marched repeatedly past St. Stephen's Cathedral beating drums while evening services were being conducted.

Later they sang war songs and shouted in chorus: "Where does Initzer belong? Dachau."

Dachau is a concentration camp.

### KEPT MOVING

Contingents of police and storm troopers kept the crowd under control and directed all traffic into side streets.

They kept the boys and girls at a distance from the cathedral and then directed them to march through Kaernterstrasse, one of Vienna's principal streets leading off St. Stephen's Place.

As the youths moved down the street, yelling wildly, many of the crowd followed. At 9.30 p.m. the square still was a seething mass of people, but there was no repetition of Saturday's mob action.

St. Stephen's Place was gradually emptied, however, without further incident.

The Vienna propaganda ministry denied reports that the cardinal was in custody either "protectively" or in any other form.

Worshippers in the cathedral were exhorted by the officiating priest to keep discipline. He warned them not to permit themselves to be provoked on the way home and they left in good order.

## Winter Work for Many on Farms

OTTAWA (CP) — The farm placement scheme that last fall and winter put 42,000 persons, the vast majority of them single men, on farms in Canada's four western provinces, is operating again. Placements of unemployed this year are expected to be reduced considerably because of the generally brighter western picture.

The federal labor department has negotiated agreements with Manitoba, Saskatchewan, Alberta and British Columbia to renew for this season the plan first started in the 1936-37 fall and winter. The federal and provincial treasuries split the cost 50-50.

Eligible for placement under the agreements are "necessitous individuals without means of support who otherwise would be in receipt of relief." In practice the great majority placed have been single men, though many single women have also found homes for the winter months.

Like her northern Slavic state, Czechoslovakia, this country has a number of minorities. Almost all Croats, a branch of the Slavic race, have repeatedly demanded autonomy for their northern district.

## RELIEF CASES ON INCREASE

### Seasonal Upswing in Ranks Of Jobless Started in City in September

The annual seasonal increase in the number of cases securing relief in the city of Victoria set in during September, according to figures released today by the city relief office.

Against a total 433 family units on the list in August there were 441 listed last month. An increase was also seen in the single unemployed, the aggregate for September being 396 against 385 in August.

The September total was, however, considerably lower than that for the corresponding month last year, when the aggregate number of families was 528 and the number of single jobless was 404.

Among the family units registered last month 207 of the 441 were classed as unemployable while in the single division 292 of the 396 were placed in the same category.

Appointment of the commission was made under the Public Inquiries Act and the order-in-council declared the production, refining, transportation and marketing of petroleum products and cost and price thereof would be studied along a number of lines, including the following, without confining the inquiry to specific matters:

"The field price of crude petroleum in the province of Alberta...

"The cost of importing crude petroleum and refined petroleum products into Alberta and the laid down cost of the said crude petroleum and refined products.

## NEW FARM PRICE PLANS IN U.S.

### Sec. Wallace Advocates Processing Taxes; Wheat Crop 940,229,000 Bushels

WASHINGTON (AP)—Henry Wallace, United States Secretary of Agriculture, and his aides are completing a four-point program designed to quiet rumblings of dissatisfaction over heavy crop surplusses and low farm prices.

This program includes:

1. Continuation of the existing United States crop control law, with referenda on marketing quotas to keep next year's cotton, tobacco, rice and wheat crops in line with expected needs.

2. A recommendation to Congress that it revive processing taxes invalidated by the Supreme Court in 1936. Funds raised by the taxes would supplement present farm subsidies.

3. Greater emphasis on expanding domestic markets for surplus farm products.

4. Reorganziation of the agriculture department, announced a few days ago, for greater efficiency in serving farmers.

Assistants said Wallace believed this program would fortify the administration against any proposals at the next session of Congress for outright fixing of farm prices at sharply increased levels.

### CROPS ESTIMATED

The federal crop reporting board emphasized in its October report yesterday that abundant supplies of most food, feed, forage, tobacco and cotton crops are in prospect. The major crops facing excessive surpluses include cotton, wheat and possibly corn and rice.

The corn crop was estimated to total 2,459,316,000 bushels.

The board estimated the wheat crop at 940,229,000 bushels, the third largest on record. It contrasted with 873,993,000 bushels last year and 752,891,00 for the 10-year average. The estimate was divided as follows among types: Winter 688,458,000, durum 41,610,000 and other spring 210,161,000.

The board reported stocks of old wheat on farms October 1 at 406,989,000 bushels compared with 326,503,000 last year.

## ADDED DEFENCES IN ALASKA URGED

### U.S. Senator Reynolds Says Road Through B.C. Is Needed

WASHINGTON (AP)—Senator Robert Reynolds, North Carolina, a member of the Senate military affairs committee, came out strongly yesterday for military development of Alaska and urged construction of a United States - Canada - Alaska highway.

In an interview published in the Army and Navy Journal, Reynolds recommended establishment of a large army air base at Fairbanks and naval air bases at Kodiak and Sitka.

"There should be something at Nome and Wainwright, and perhaps Point Barrow," he said. "Moreover, in a few years I expect the naval authorities will want to develop Dutch Harbor."

Reynolds said he intended introducing a bill at the next session of Congress calling on the State Department to establish title to Wrangel Island, northwest of Alaska. That island, now listed as Russian, was first claimed for the United States by the Jeanette expedition in 1879.

# Alberni Fire Investigated

### Business Block Burned Third Time in Five Years; Loss $25,000

ALBERNI — Police today guarded the smouldering remains of Carter's General Store here pending an investigation by the fire marshal's department of a fire which broke out early Sunday morning and leveled the two-story business block.

Fire Chief Edward Allen said he had turned the inquiry over to the fire marshal after quelling the flames which did damage estimated at $25,000. He declined to hazard a guess as to how it started.

It was the third disastrous fire that has swept the location. Five years ago the building was destroyed. Rebuilt, it was ravaged again by flames three months ago when the loss was $35,000. Harry Carter, the proprietor, then had it rebuilt again along modern lines and had opened for business last Friday. After two days of trading the place is again a total loss.

The volunteer fire department was called into service at 2.45 Sunday morning. Nearby residents, also aroused, joined the firemen, but the flames had already gained a good hold. Four lines of hoses were played on the fire. No one lived on the premises.

Adjoining buildings were threatened, but the firemen were able to confine the flames to the one structure. Fire Chief Allen said the splendid pressure of water afforded by the city's new water system helped the firefighters considerably.

# Twenty Killed In Plane Crash

### Belgian Machine Falls in Flames in Northwestern Germany

SOEST, Germany (AP)—Twenty persons were killed yesterday when a Belgian airliner lost a wing in mid-air and fell in flames near this Ruhr valley community in northwestern Germany.

The victims were 16 German passengers, including two women and three children, and four Belgian crew members.

Some of the bodies, according to an eyewitness, hurtled from the plane after it became disabled while flying through fog and rain on its regular Brussels-Essen-Berlin run.

The pilot, Joseph Van Den Eynde, 34, who was personal pilot for the late Queen Astrid of Belgium, had flown more than 1,000,000 kilometres (621,000 miles) during the last 13 years in the service of Sabena, Belgian airline company which operated the plane.

Sir Harry Twyford, Lord Mayor of London, and the British Legion officials had traveled from London to Brussels on the machine, but changed there to another plane bound for Prague. The Lord Mayor is in charge of a British relief mission for Czechoslovak refugees.

# Irish Groups in New Unity Talks

### Valera Asks Ulster And United Kingdom To Discuss Plans

By SEAN O'CATHAIN
Canadian Press Correspondent

DUBLIN—The campaign to end the Irish partition problem is rapidly gaining momentum. Following up his recent talks with Prime Minister Chamberlain in London, Eamon de Valera, Premier of Eire, is understood to be attempting to bring about a conference with United Kingdom and Northern Ireland cabinet ministers to canvass the possibilities of a peaceful settlement.

Meanwhile, Nationalist organizations in Fermanagh and Derry city have laid plans in anticipation of a plebiscite. Sessions for revision of the current voters' register will be held shortly, and thousands of applications and objections already have been lodged.

In Northern Ireland Unionist (government) circles it is feared the necessity of having a united Ireland for purposes of defence may weaken the attitude of the United Kingdom government toward Mr. de Valera's claims.

This feeling has been intensified by reports that during the discussions leading up to the Anglo-Eire agreement of last April, Mr. de Valera advanced a scheme for the defence of Ireland as a single unit, and declined to agree that anything of a satisfactory nature could be done by the 26 counties alone.

### COUNTIES CUT OFF

Mr. de Valera's case against partition falls under the following six heads:

1. The territory of the Irish nation has been partitioned against the will of the vast majority of the Irish people.

2. Ulster also has been partitioned, six counties being cut off from the other three because the Belfast government could not secure a safe majority in Ulster as a whole.

3. In a block of four of the six counties cut off, there is a majority opposed to partition (This embraces the Armagh, Derry, Tyrone and Fermanagh area in which a plebiscite has been demanded).

4. Only in Belfast and the immediate area is a majority shown against unity.

5. Partition was effected with the cry "Ulster must not be coerced," but one-third of the population of the six counties is living under coercion.

6. While partitions remains, relations between Eire and the United Kingdom will continue to be strained.

The atttiude of the United Kingdom government is known to be that partition is a matter best settled between Belfast and Dublin, and that it would be difficult to alter the status of northern Ireland without the consent of the Belfast government.

Mr. de Valera is believed to have made counter-proposals that the United Kingdom's reserved powers over northern Ireland should be transferred to the government with adequate safeguards for Roman Catholics in the matter of public employment. Northern Ireland Unionist's point out that by such a scheme the British Exchequer would be relieved of financial responsibility for the north, which is estimated at £3,000,000 ($15,000,000) annually, apart from the expenses of military garrisons.

## Splendid News

OVERSHADOWING ALL THE ALARMS of recent times come the glad tidings that King George VI and Queen Elizabeth will spend three weeks among the people of Canada next summer. The official intimation to this effect reached Prime Minister Mackenzie King—whose original suggestion it was—as he was leaving on Saturday for a short holiday for the benefit of his health.

It is not necessary to say that Canadians in every part of this vast Dominion will welcome this announcement, not only for the tremendous interest it will arouse among our people, but also because it will furnish them with an opportunity to manifest their loyalty to and deep respect for the British Crown in a more genuinely sincere manner than otherwise would be possible.

Like the people of Great Britain, Canadians as a whole are not given to fulsome and noisy avowals of their appreciation of the reigning house. They regard the constitutional monarchy under which they enjoy the priceless heritage of British institutions, and all they connote, as one of the great bulwarks which protect the British Commonwealth of Nations from the insidious erosion which, paradoxically enough, is the product of that frothy type of adulation to which the public ear and eye too frequently are exposed.

When Their Majesties mingle with the citizens of this part of their vast domain, therefore, they will know and feel they are among a people who put pride of performance before all else. Everything the King and his Queen see and hear on their eagerly-awaited tour will suggest to them that we Canadians are known for our works—which they will be seeing, in their material form, for the first time.

Perhaps we may be permitted to suggest—as we already have done in these columns on two occasions—that well in advance of the time of the projected visit of Their Majesties to this country, the proper authorities, at Ottawa and in London, take such steps as may be necessary to emphasize the desirability to extend the stay of the King and Queen on this continent long enough to include an official call on the President of the United States.

No reigning British King, incidentally, has ever visited the neighboring Republic. Never has there been a more fitting opportunity to establish a precedent. His Majesty knows, of course, that the great and friendly nation on the south of the 49th Parallel would give him and his gracious consort a welcome equal in warmth and sincerity to that of which they are assured in every part of Canada to which their itinerary will take them. More than ever at this juncture would an intimate contact with the American people impress them with the important role Canada for many years has played as interpreter for the two branches of English-speaking democracy.

## Says Dublin to London

NATURALLY PRIME MINISTER DE Valera of Eire would like to test the minority technique in Northern Ireland. He has a ready-made constitution with all the mechanism essential for the government of Erin's Isle in its entirety. It has not been permitted to apply to the six counties which comprise Ulster, because there is a government in office at Belfast which is just as determined to avoid any intimate association with the Dublin administration as the government at Prague was to avoid surrender to the Nazi oligarchy at Berlin. The erstwhile doctrinaire Premier who recently won a general election in what formerly was the Irish Free State would like to take a plebiscite in "certain areas" in Northern Ireland. He evidently feels that if "bluff and iron" succeeded so easily at Munich, he may yet realize his dream of a United Ireland—an independent Republic. In effect, he tells Prime Minister Chamberlain that what is sauce for the goose is sauce for the gander, that Ireland cannot be left out of any general settlement of the minority problem in Europe, even though the land of the shamrock is not torn by racial conflict.

After the signing of the Anglo-Irish Agreement early last spring the belief became fairly general that a new spirit of mutual trust had been established. The Irish Times, Dublin, which usually takes the British point of view, said on April 28: "They (The British and Eire governments) have re-established Anglo-Irish relations on a basis of mutual regard and friendship, the British have acted generously, taking the long rather than the short view, and history will prove they were right."

On the same day the Belfast Telegraph warned that all was not yet peace and harmony in Eire while the question of partition remained open. It argued this way: "If Eire is still to be considered a dominion, it has the unenviable distinction of being the only one where no Oath of Allegiance is taken to the King by public officials and members of Parliament, and where the head of the government declares his unaltered ambition to have the country made a 'completely independent sovereign state'." In sum: "We in Northern Ireland are justified in looking towards future developments in Eire with considerable suspicion. One thing at least is certain, the 'Constitution' of which Mr. de Valera and his supporters are so proud has no attraction for us. We want no President to rule over us. Our allegiance is due to the King alone."

On April 30 the Northern Whig, Belfast, echoed similar sentiments on this note: "It would be merely imitating the ostrich to ignore the existence in Southern Ireland of a deliberately maintained spirit of antagonism towards the Protestant and loyalist North." Then: "Next time Mr. de Valera goes to London (he called on Mr. Chamberlain the other day on his way home from Geneva) he will hope to find the British Government equally eager to be rid of the 'partition' question—so eager that it will be ready to sacrifice Ulster for the sake of 'appeasement'." The Whig—nearly six months ago, be it noted—concluded with this: "It would be a sorry day for British policy if the principle of 'a free hand for Mussolini in Abyssinia and for Hitler in Austria' were adapted to 'a free hand for De Valera in Ulster'."

The recent developments impart a new significance to the whole minorities question. The plebiscite has been quietly popularized under the sponsorship of a body called the "Northern Council for Unity"—apparently cultivating an "atmosphere" on lines similar to those followed by Henlein in the dismembered Central European republic. Its proponents have argued for several weeks that the abolition of Ulster's autonomy within the United Kingdom and the transfer of the area to the Dublin Government would be the logical sequel to the signing of the Anglo-Eire agreements.

No matter from what standpoint this new aspect of the general minorities problem is viewed, however, another first-class puzzle is obviously about to be served up to Mr. Chamberlain and his ministerial colleagues. It is one that may well be of especial interest and concern to the whole of the British Commonwealth of Nations.

## Biggest Tourist Spenders

ALTHOUGH UNITED STATES LEADS in the grand total of tourist expenditures made by its citizens, Canadians actually are the greatest individual travel spenders in the world. This is brought out in a study made by the German government, which shows the per capita expenditures by Canadians in 1936 amounted to $11.94, followed by $11.42 for New Zealanders and $6.52 for residents of United States. In terms of total expenditures, Canada ranks third. The United States not only leads all countries in the total of tourist outlays, but is responsible for approximately 50 per cent of the total tourist outlays.

The high per capita tourist expenditures by Canada may be, in the first place, ascribed to the high standard of living and the comparatively high income average of the population. Second, to the long and rigorous winter climate over a large part of the country, because of which it has become the custom of Canadians who can afford it to go south during our cold season. A factor in the averages to be considered is that Canadians traveling to Europe naturally must spend more per capita because of the longer distance they have to travel than Europeans taking a continental vacation trip.

## Building the New Italy

FROM A LONDON CORRESPONDENT'S letter in the Wall Street Journal:

"I hear the economic position of Italy is very bad and that this was one reason for the Munich settlement. The standard of living was always low but it has been reduced since Mussolini came into power by, it is said, 25 per cent to 50 per cent. Germany is also suffering the same way but the big armament and other public programs have prevented any unemployment. The people are forced to work very hard and are badly paid, and the standard of living is lower than at any time except during the war years and those immediately following."

### LOANS TO WESTERN PROVINCES

From Toronto Star

Alberta, which ignored the Rowell commission, has now submitted its brief to the federal government, and one of the favors it asks is cancellation of a relief debt of over $26,000,000 which it owes to that government. In addition to paying its own share of relief in the four western provinces, the Dominion has lent money to them annually since 1931-32, and at the end of March this year the debt stood as follows:

| | | |
|---|---|---|
| Manitoba owed | $23,090,044 | |
| Less | 804,897 | $22,285,147 |
| Saskatchewan | 66,032,295 | |
| Less | 17,682,158 | 48,350,137 |
| Alberta | | 26,079,198 |
| British Columbia | | 33,086,716 |
| Total | | $129,801,198 |

These loans to the provinces were for various purposes: To meet maturing obligations and interest, for agricultural relief (including purchase of seed grain), and for provincial purposes generally (including public works and direct relief). In the fiscal year 1935-36 they reached their peak—$42,304,149 to the four provinces. One of the terms was that any province applying had to establish the necessity of a loan by submitting detailed statements showing its financial condition. While Alberta received over $13,000,000 in the year 1935-36, it was lent only $805,198 the following year, and $193,000 last year.

The loans to Manitoba and Saskatchewan have already been forgiven to the extent of nearly $18,500,000, as part of the co-operative program for adjustment of farmer's indebtedness in the drought areas of these two provinces in 1937.

If the whole $26,000,000 which Alberta owes were to be wiped off the books, as its government now suggests, the three other provinces would demand similar treatment, and extinction of the whole $130,000,000 debt would be sought.

*FOG HORN*

SLEEPING WITH A FOG HORN is one of the unique joys of this British Columbia autumn season. The other night I enjoyed it for some seven hours, and by the time the boat crept into Vancouver Harbor the fog horn and I were old friends.

It is time the world recognized the fog horn on our coastwise ships and the men behind it. How many people realize that our own British Columbia mariners invented the system of navigation by echo, which they have now brought to a high science? And how many people appreciate the extraordinary skill of these men, struggling blind through a black fog, guided only by the return sound of the fog horns, counting the seconds between the blast and the echo, and reckoning the distance that the sound must have traveled to the shore and back.

These captains use a whistle blast as a painter uses a brush, mastering it, manipulating it with a deft touch. Did you know, for example, that one of these ancient fog hounds can smell even a log floating in the water near his ship? The vibration of the ship's whistle, they say, "bounces" off the log, ever so faintly, with a sound that no landlubber could possibly notice. And the sound, they sad, is "shredded" through the iron grill on a floating buoy and they can sense it, lying out there in the fog. They can tell, too, if the shoreline is bare or timbered by the sound of the echo, how it bounces back.

Lying in my sleepless bunk the other morning, I could hear them feeling their way through the First Narrows at Vancouver like a blind man, who develops all his other senses to an extraordinary pitch. You could feel the Narrows closing in by the shortening echo. Out by Point Grey the echo from the shore took a long time to come back, and came very faint. As we edged into the Narrows it began to come more quickly, until presently there was only a small fraction of a second between the "phut" of the quick whistle blast and the returning "phut" from the shore. Only a man long experienced, supersensitive to sound, could judge that echo and what it meant; and if he made a mistake our ship would have piled up on the shore.

Every night in the fog season these sailormen are taking ships between our thousand islands and million rocks, all up and down this coast from here to Alaska, guided only by a faint murmur of sound from the shore. The thing is uncanny, and some day, when the world discovers it, there will be articles in the American magazines about it and pictures in the movies with Mr. Clarke Gable as a grizzled Victoria skipper, and the real skippers will be very annoyed.

*NASTY WORK*

THE DEPARTMENT OF PUBLIC WORKS is about to undertake a melancholy autumn chore. It is going wearily up and down the highways of this province—at your expense, mark you—tearing down the advertising signs which various companies have placed there illegally to befoul our scenery.

This, however, is not enough. Sooner or later, Canada, like the more civilized countries of the world, will have to abolish hideous billboards not only on the highways themselves but on adjoining property, where they ruin scenery.

For example, one of the finest views in the world is at Hope, where the Fraser coils between grassy banks, under snow-capped mountains. Right there, as you look at this great panorama, something hits you squarely in the eye. It is a huge billboard, set among the virgin green of the river bank to advertise a certain kind of cigarettes. Your eye can't get past it.

The thing is like a garbage can in the parlor. No matter how much parlor you have around it, the can is inevitably the centre of interest. No matter how much scenery there is around Hope, the billboard inevitably swamps the whole view. And it is placed there, of course, for no other purpose. Everybody pauses to see the view and everybody has to notice the sign; but if you have any sense of decency you will never buy that brand of cigarettes again. If there are sufficient decent people in the country, the manufacturers will soon be ruined. We can't wait for that, however. We shall have to make laws by which hideous signs are confined to the marts of trade, and our beauty spots are protected from outrage.

### TREES IN A STORM

From St. Catharines Standard

The Dominion astronomer has warned people to stay away from trees during an electrical storm. The warning is timely. Every year fatalities occur from lightning when shelter is sought in this way and cattle, particularly, are victims.

### EPITAPH

Soon autumn woods will be afire
To mark the season's turn;
October lights a lovely pyre
And leaves are quick to burn.

After this momentary flame
Nights will be cold and clear;
Some will be glad that winter came
So splendidly this year.

But deeper down than roots can press,
Beyond the touch of frost,
Smoulders the heart's unreadiness
For such a holocaust

And what if summer never set
A torch to any hill?
The world can blaze again, and yet
Our hands be chilly still!

Who, by this burning, can revoke
Our valedictories,
Or bind one wreath of bitter smoke
On lonelier dusks than these?

### AVOID OVERLAPPING

To the Editor:—As a resident of lower Vancouver Island, may I extend to the people of Greater Victoria, best wishes for complete success in their second drive for funds for the Community Chest.

The method, viz., concentration on one direct object, is beyond the shadow of a doubt the best method of attacking this, or any community problem.

The object itself is one that should appeal to every good citizen, as it not only relieves suffering and want, but does it in an intensely practical way, avoiding both waste and overlapping.

C. A. HELGESEN.

### SOME BOHEMIAN HISTORY

To the Editor:—In 1918, when the Czechoslovak republic was set up, the German element had little or no representation. There were between two and three millions in the patchwork of six or more tribal clans of people (all different), who were agglutinated.

The world was set against Germany. For 20 years the world has remained afraid of what the Germans might do.

Are German aspirations unique and sole in Europe?

Did not Henry VIII and his so-termed "virgin-daughter," Elizabeth, build the nationalism that has swept over the world? Was the commercial and the political subjugation of India all splendid? Was the Boer War a thing of beauty and a joy forever?

Was the incorporation of a large slice of Africa merely the bearing of the "white man's burden?" Was all this very different from Mussolini's advance in Abyssinia?

After all, was the Versailles Treaty just and holy in its attitude to the Teutonic race? Was it not Clemenceau (and his co-workers) who rendered Hitler (or someone like Hitler) almost the manifest destiny of German folk?

Another consideration: Is Russia democratic? Is Stalin not rather an Oriental despot than the leader of democratic peoples? Are United States of America sympathies to be thrown on the side of the Russian Soviet? Is Stalinism preferable to Hitlerism?

Perhaps, when we think it over, there is more justice in the incorporation of Sudeten Germans with their Teutonic fellow-Germans than would have been imagined from the recent press reports. Democratic principles are not hurt when old injustices are remedied.

WILF LEIGH.

### WANTS CARS, BUT NEW ONES

To the Editor:—I think that the city should grant the B.C. Electric another franchise in Victoria, as by running buses it would put a lot of men out of work. But, of course, they should modernize the cars and improve the system, tracks, etc., which would make work by repairing tracks.

H. W. HARRIS.

### HOLY ALLIANCE

To the Editor:—Cable from France, Oct. 1: "Paris—Some observers see the Rome-Berlin axis being extended to London, like a fence shutting France from the rest of Europe."

Evidently some Frenchmen understand the British Tory Fascists and their holy alliance with their gangster friends—Adolf and Benito—against the common people of the world. This future holy alliance of the German Army and British Navy sponsored by Astor, Melchett, Chamberlain and company, will be undermined by the hunger and waking up of the common man.

## Production $200,000,000

**Primary Industries in B.C. Consolidate Gains of Last Few Years; Lower World Prices Hit Values**

After a spectacular rise during the recovery period of the last four years, the production of British Columbia's four basic industries has leveled off this year and will probably show a total value for the 12 months of around $200,000,000, according to preliminary estimates made today in provincial government sources.

Production in 1937 was calculated at $221,527,883, divided as follows: Forest industries, $80,872,000; mining, $74,475,902; agriculture, $50,024,542; and fisheries, $16,155,439. This was the biggest year since 1930.

While the lumbering industry has held up to good levels during the first nine months of the year, the value of forest products as a whole is likely to show a drop because of the contraction in pulp and paper manufacture. Pulp and paper hit a new high last year, with a production worth $17,214,000, due largely to a price increase in newsprint announced for the first of this year which resulted in buyers laying in heavy stocks. The reaction to this was a falling off in orders this year and curtailment of production.

Logging and mill manufacture of lumber has held fairly steady despite extraordinary fire conditions during the summer. The scale of logs is about 350,000,000 feet below last year. Overseas markets have held steady, with water-borne exports up about 35,000,000 feet. A better market this fall on the prairies is expected in U.S. market has been a disappointment, with only half the quota allowed by the trade agreement filled.

**GOLD LEADS**

The Department of Mines forecasts a $10,000,000 drop in the value of mineral production, despite a continued advance in the output of gold. This is almost entirely due to the lower world prices for base metals. The volume of lead, zinc and copper output is being maintained to last year's levels, but prices are only a little better than half the average. Gold mines are expected to produce close to $20,000,000, compared with $17,680,000 last year, which will put the precious metal again in the forefront as the leading wealth producer. Lead topped the list last year with a value of $21,416,949. Zinc, which was worth $14,274,245 last year, will be lower. The estimate for production as a whole is $64,000,000, compared with $74,475,902 in 1937.

**FARM HARVEST**

Agriculture has had a fairly good year and may approximate, or be slightly less, than last year's value of $50,024,542. Harvesting of the big Okanagan apple crop is well under way and price prospects are good. The crop is slightly smaller than last year's record harvest, but a better return from peaches, apricots and other fruits may offset this in value. The fruit crop was worth $7,656,319 last year.

Dairying, which produced $12,842,650 in 1937, has held up well in spite of drought conditions, according to agricultural observers. Butter production is up about 4 per cent and generally output has been maintained.

Fisheries will finish in the neighborhood of the 1937 level, it is believed. The salmon pack so far is higher by 41,000 cases than the last cycle year and is better than last year, although prices are lower. The pack at October 1 was 1,353,150 cases. Due to an increase of 2,000,000 pounds in the halibut quota, the production is better and prices are about the same.

## Auxiliary Plans Busy Season

### Musical Art Group Arranging Lecture-recitals

The Victoria Musical Arts Auxiliary (formerly known as the Junior Musical Arts) plans a very interesting series of lecture-recitals during the coming months. The executive, under the capable guidance of Mrs. Gordon Cameron, is undertaking the enlarging of the membership to over 70, and it urges all members and friends to attend the opening meeting at the home of Mrs. Gordon Cameron, Runnymede Avenue, on Friday, October 28, at 8. The details of the program will be announced later.

Later in the year the group plans to organize small ensembles, strings, vocal, etc., and these will be of great benefit to those who play in orchestras outside of the society. Mass playing and singing is the best method of encouraging individual effort, because it gives everyone a chance to cooperate. The group feels that solo work is being over-stressed, as it touches upon only the most talented. Anyone interested in this phase of musical art is urged to communicate with the auxiliary.

As before, the meetings will be held at homes of the senior members, who have kindly offered accommodation. The programs will be in the form of lectures, illustrated by members of the group wherever possible. Games and contests are also planned, and a very full season is anticipated. More complete details of the programs will be announced in the near future.

## House Wedding Of Popular Couple

### Miss Winnifred Tait Is Bride of Allan MacPherson

Masses of autumn flowers formed the pretty setting at the home of Mr. and Mrs. H. Tait, Union Avenue, for the marriage yesterday afternoon at 2 of their elder daughter, Winnifred Mayne, to Mr. Allan Mitchell MacPherson, younger son of Hon. Frank M. MacPherson and Mrs. MacPherson, Newport Avenue. Rev. Andrew D. Reid, D.D. of Centennial United Church officated.

The ceremony was performed in the drawing room before the fireplace, which was banked with Michaelmas daisies, yellow rudbeckia and autumn foliage, with tall white lighted tapers in silver candelabra arranged on the mantelpiece.

Owing to the illness of her father, the bride was given in marriage by her uncle, Mr. J. Mayne, Vancouver, and looked lovely in a frock of white net over taffeta, with a full skirt and long pointed sleeves. The neck, waist and wrists were edged with narrow velvet ribbon. A waist-length veil of filmy tulle was caught to the top of her head with a cluster of white flowers and fell softly over her face. She wore a string of pearls, the gift of the bridegroom, and carried a round bouquet of white snapdragons.

She entered the room to the strains of the "Lohengrin" bridal chorus, played by Mr. George Gibson. Miss Lillian Tait, her sister, and Miss Violet Forbes of Edmonton, were the bridesmaids, gowned alike in picture frocks of seafoam taffeta with shirred waists and short sleeves, and tied at the back with large taffeta bows. Seafoam and rose-colored flowers adorned the front of their bodices. They wore tiny rose-colored doll hats trimmed with a single plume in a deeper shade, and held shirred muffs of pink taffeta, covered with sprays of rosebuds. Mr. Douglas ("Sandy") Hunter was best man.

As the register was being signed, Miss Jean Morrison sang "Through the Years."

At the reception which followed the ceremony, Mrs. Tait received the guests in a gown of sapphire blue velvet, with a corsage bouquet of pink rosebuds, and a wide-brimmed hat of black banded with sapphire and fuchsia velvet. She was assisted by Mrs. MacPherson, handsomely gowned in black krinkle-crepe, with a black quilted coat and smart black hat, with a corsage bouquet of gardenias.

The buffet luncheon was served from a table covered with a lace cloth, centred with a wedding cake surmounted with two white bells tied with a bow of tulle. The base was wreathed in smilex, and flanked with vases of lilies and two ivory tapers in silver holders. Dr. Reid proposed the health and happiness of the bride.

Mr. and Mrs. MacPherson left by the afternoon boat for Seatttle, from where they will motor to Portland before returning to Vancouver to make their home. The bride travelled in a smart navy blue wool dressmaker suit, with a corsage bouquet of orchids, and navy accessories.

Out-of-town guests at the wedding included Mr. and Mrs. J. R. Dudley, Miss Wynn Smith, Mr. William Smith, Mr. and Mrs. J. Mayne and their daughter, Patsy, all from Vancouver.

Daughters of England Lodge, Primrose No. 32, held a successful shower for the bazaar recently at the home of Mrs. J. Headd of Wark Street. Games and contests were played, refreshments being served by the hostess and her committee. The regular business meeting will be held on Friday at 8 in the Sons of England Hall.

## "Miss Victoria" Is Bride at Pretty Wedding

The First United Church was the setting of one of the prettiest weddings of the Thanksgiving season last night at 8 when Catherine Valerie, elder daughter of Mr. and Mrs. William White, 112 Montreal Street, became the bride of Mr. Douglas Frederic Reynolds, younger son of the late Mr. W. K. Reynolds and of Mrs. Reynolds, Burleith Crescent. Rev. J. E. Bell officiated at the service.

The bride, who was "Miss Victoria," 1938, was given in marriage by her father, and was an attractive figure in her lovely frock of ivory satin with a long train inset with lace and a Queen Anne collar, the tops of the leg o' mutton sleeves being also of lace. Her double veil of fine embroidered silk net was arranged beneath a stiff coronet, with clusters of orange blossoms at each side, and she carried a shower bouquet of pink roses and carnations.

Miss Irene White was her sister's pretty bridesmaid in a dainty frock of pale green silk net worn with a puff-sleeved bolero, and a crownless halo hat of green net trimmed across the front with a bandeau of autumn-tinted leaves. She carried a sheaf of bronze and yellow chrysanthemums. Mr. Warren Martin was best man.

Over 100 guests were entertained by Mr. and Mrs. White in the K. of C. Hall after the service, and dancing was enjoyed. During the reception the bride and groom stood under a white archway decorated with Michaelmas daisies, yellow rudbeckia and greenery, supper being served later from a table covered with a Quaker lace cloth and centred with the bride's cake standing between vases of pink carnations and ferns and white tapers in silver candelabra. Mrs. A. Young, an old friend of the family, proposed the toast to the bride.

Mrs. White was handsomely gowned in claret chiffon velvet trimmed with gold sequins, and wore a teal blue hat, with a wine-shade veil. The bridegroom's mother wore a bolero frock of mulberry satin-black crepe with matching accessories. Both Mrs. White and Mrs. Reynolds wore corsage bouquets of pink carnations. The soloist of the evening was Mr. David Campbell.

Mr. and Mrs. Reynolds left for the mainland at midnight, and will motor to Kamloops and Winnipeg, the bride going away in a smart laurel green outfit and a mink marmot fur coat. They will make their home on Burleith Crescent.

Among the numerous gifts was a satin bedspread from the former associates of the bride at the Hudson's Bay Company, where she was a popular member of the coffee shop staff.

Guests at the wedding included Mr. and Mrs. J. White and Miss Marjorie Dodgson, Vancouver; Mr. and Mrs. Williams Baggot, Port Townsend; Mr. and Mrs. J. C. Greely, Seattle; Mr. and Mrs. J. Smith, Port Orchard, and Mr. and Mrs. P. Lloyd, Vancouver.

St. Matthias' A.Y.P.A. will hold a harvest bridge party in the church hall tomorrow evening at 8. There will be prizes offered for both auction and contract, and refreshments will be served.

### CARL—HART

Of wide interest was the marriage which took place quietly in Christ Church Cathedral Saturday afternoon at 3:30 between Josephine Frances Lavinia, daughter of Colonel Edward C. Hart, C.M.G., M.D., and Mrs. Hart, Laurel Lane, and Mr. George Clifford Carl, son of Mrs. K. E. Carl and of the late Mr. L. C. Carl, Vancouver.

Very Rev. Spencer Elliott officiated. The bride, given in marriage by her father, wore a Sandringham blue dress of hand-woven woolen, with a finger-tip tweed coat in the same shade, trimmed with grey lamb's wool. Her felt hat and accessories were black, and her corsage bouquet was of yellow roses and bouvardia.

After the ceremony, near relatives were entertained at their home by Dr. and Mrs. Hart, the couple leaving immediately afterwards for a motor trip south.

On their return, Mr. and Mrs. Carl will reside at Cowichan Lake, where the bridegroom is in charge of the Fish Hatchery, being a member of the staff of the Pacific Biological Station at Nanaimo.

Both the bride and groom are graduates of the University of British Columbia, and took post-graduate courses at the University of Toronto, from which they obtained their Ph.D. degrees.

### ROBSON—SMITH

A quiet ceremony was solemnized on Saturday evening in Metropolitan United Church by Rev. A. E. Whitehouse, when Reita Marion, daughter of Mr. and Mrs. Lessley J. Smith, 1517 Bank Street, became the bride of Mr. William Gordon Robson, son of Mr. and Mrs. John Robson, Ormond Street.

The bride, who was given in marriage by her father, looked charming in an ensemble suit of grey with lamb's wool trimming, worn with wine red accessories and a corsage of gardenias and pink rosebuds.

Miss Alison Smith attended her sister in a navy blue tailored suit with a pink blouse, navy blue accessories and a corsage of pink rosebuds. Mr. Harry Robson of Alberni supported the groom.

The immediate families were entertained after the service at the bride's home, which was decorated with a profusion of flowers in autumn colors. Pale yellow chrysanthemums and yellow tapers were arranged on the supper table which was centred with a three-tiered bride's cake.

After a honeymoon in the United States, Mr. and Mrs. Robson will return to Victoria and make their home in the Mellor Apartments.

On leaving the firm of Brackman-Ker Milling Co., after being a member of the office staff for over eight years, the bride was presented with a silver tea service.

### SMITH—ELLISON

On Saturday evening the marriage took place at the home of the officiating minister, Rev. James Hyde of Dorothy, only daughter of Mrs. A. Ellison, 139 Rendall Street, and Mr. Samuel Smith, eldest son of Mr. and Mrs. James Smith, 510 Catherine Street.

Given in marriage by her brother, Mr. Emmet Ellison, the bride wore a smart tailored dress of rose-beige and chauteau wine crepe, made with a short skirt, three-quarter-length sleeves and a high cowl neckline. The wide girdle was made of rose-beige and contrasting chateau wine red crepe. Her accessories were of the wine shade and her hat was a black felt model trimmed with wine red suede. She carried a bouquet of rosebuds and white carnations.

Mrs. H. Bates, sister of the groom, was matron of honor, wearing a gown of Burgundy crepe, and her accessories were of wine shade. Her smart doll hat in wine shade trimmed with a feather mount and her bouquet was of mauve and wine-toned sweet sultan and pink gladioli. Mr. William Holman was best man.

After the ceremony, a reception was held at 510 Catherine Street, the home of the groom's parents. Mrs. Smith, mother of the groom, wore a coronation blue lace jacket frock and a navy blue hat and accessories to match, and Mrs. Ellison wore a black crepe jacket frock with lace insets and a black hat. Corsage bouquets of pink rosebuds were worn by Mrs. Smith and Mrs. Ellison.

The supper table was arranged with pink flowers and tapers and centred with the three-tier wedding cake.

The bride and groom left for their wedding trip to Vancouver and Seattle, the bride wearing a black sealskin coat over her wedding ensemble and a corsage of pink rosebuds. On their return, Mr. and Mrs. Smith will live at 1970 Carrick Street.

Out-of-town guests were Mrs. D. Phillips, Mr. and Mrs. W. Campbell and Mr. and Mrs. F. Carlson, all of Vancouver.

### KELLY—OLIVER

A pretty wedding was solemnized yesterday afternoon at 1.30 by Rev. W. Allan at the United Church manse, Glyn Road, between Eva Jessie, fourth daughter of Mrs. C. Oliver and the late Mr. T. Oliver, 3177 Albina Street, and James George, only son of Mr. and Mrs. J. Kelly, Burnside Road.

Given in marriage by her brother, Mr. Sydney Oliver, the bride wore a floor-length redingote gown of white lace worn over silver satin. She wore a veil of embroidered net attached fan-like to a coronet of orange blossoms, and carried a shower bouquet of butterfly roses, carnation and swansonia.

Miss Wynne Oliver, sister of the bride, as bridesmaid wore a floor-length frock of delphinium blue ruffled net over taffeta, with matching bolero, a shepherdess hat of taffeta, trimmed with matching velvet ribbon and flowers, and carried a colonial bouquet. Mr. Kenneth McLaughlin supported the groom.

A reception was held at Hampton Hall, the bride and groom standing beneath an arch decorated with autumn foliage and chrysanthemums, flanked by tall baskets of gladioli and Michaelmas daisies. Mrs. Oliver, mother of the bride, received the guests in a dress of teal blue with navy accessories, and was assisted by Mrs. J. Kelly, mother of the groom, in a frock of navy blue crepe, with cut velvet trim and matching accessories. Both wore corsage bouquets of pink carnations. A buffet luncheon was served from a table centred with a three-tier wedding cake, flanked by tall white tapers in silver holders and vases of pink carnations.

Mr. and Mrs. Kelly left for a motor trip to Washington and Oregon states, the bride traveling in a boucle-knitted suit in burnt rust shade, with a topcoat of rust Velma cloth with platinum wolf collar and matching accessories. On their return they will make their home at 60 Cadillac Avenue. The happy couple were the recipients of many gifts, including a handsome tea service from fellow employees of the bride in the stores of the General Warehouse Limited, and a table lamp from the groom's fellow-engineers of H.M.C.S. Fraser.

### BOWNE—HODGE

At St. Andrew's Presbyterian Church on Saturday evening Rev. J. L. W. McLean united in marriage Catherine Ishbel, elder daughter of Mrs. Hodge, 984 Island Road, and of the late Mr. Charles F. Hodge of Greenock, Scotland, and Innisfail, Alta., and Mr. Kenneth J. Bowne, son of Mr. J. M. Bowne, Boston, Mass., and of the late Mrs. Bowne.

The church was decorated with autumn flowers, and Mr. Jesse Longfield played the wedding marches. The bride was given in marriage by her uncle, Mr. H. W. Dodge, Vancouver, and wore a lovely frock of white French lace over satin, cut on princess lines, with a short train and a bolero, with long, tight-fitting sleeves. Her shoulder length veil of ivory illusion was caught beneath a choux of white velvet, and she carried a shower bouquet of pink and white carnations and pink rosebuds, which she later placed on the war memorial in the church.

There were two attendants. The bride's sister, Miss Gertrude Hodge, wore a bolero frock of American Beauty rose chiffon, worn with a black French veil arranged in cap shape with French flowers and carried a bouquet of pink carnations.

The junior bridesmaid was her niece, little Joan Hodge, in a princess frock of turquoise blue taffeta trimmed with American Beauty rose, who wore a wreath of red roses in her hair and carried a Victorian posy of mixed flowers.

Mr. Archie McLennan was best man, and the ushers were Mr. Edward Dodge, Vancouver, and Mr. John Taylor. Flowers tied with white ribbon marked the guest pews. As the register was being signed the organist played Schubert's "Serenade."

Later a reception was held at the home of the bride's mother, in a setting of autumn flowers.

After a motor trip to California, Mr. and Mrs. Bowne will make their home in Vancouver. For traveling the bride chose a beige dress, worn with a matching nubby wool coat trimmed with Russian sable, and a green velour hat.

Among the guests at the wedding were Mr. and Mrs. T. Cameron Taylor, Los Angeles; Mr. and Mrs. H. W. Dodge, Miss Dorothy Dodge, Mr. and Mrs. J. Malcolm Billingsley and Miss Muriel Hodge, Vancouver; Miss I. C. Taylor, Scotland, and Miss Peggy Taylor, Duncan.

### JONAT—BITTNER

The marriage was quietly solemnized Saturday evening at the home of the officiating minister, Dr. J. B. Rowell, between Lillie, third daughter of Mr. and Mrs. A. Bittner of York, Sask., and Mr. William Wilfred Jonat, eldest son of Mr. and Mrs. R. Jonat of York, Sask.

The bride looked lovely in a floor-length gown of turquoise blue silk taffeta, and her veil of embroidered net, which extended to the floor, was arranged beneath an orange blossom coronet. She carried a sheath bouquet of pale pink carnations and deeper pink rosebuds. Her attendant, Miss May Veale, was dressed in a rust crepe and chiffon gown, and wore a gold leaf bandeau. Her sheaf bouquet was of white chrysanthemums and deep pink antirrhinums. Mr. Albert Renfrew supported the groom.

Among their wedding gifts was a handsome tea service from the groom's associates in the grocery department of the Huudson's Bay Company.

Mr. and Mrs. Jonat are making their home in Victoria.

## Homecraft Classes To Aid Mothers

The homecraft classes which were held at the Y.W.C.A. last spring, and were so popular with mothers who are on relief, or whose husbands have only very limited incomes, will be continued again this autumn by popular demand.

The course consists of lectures with demonstrations in economical marketing, budgeting, how to make palatable dishes from the cheaper cuts of meat and fish; how to make children like "the things that are good for them," home management and many kindred topics of very great use to mothers who are continually battling against crowded rooms, the monotony of uninteresting meals and children who "don't like milk puddings."

Last spring, attractive meat loaves, puddings, salads and other tempting dishes were actually prepared and served before the class, and were drawn for by the mothers at the end of the afternoon.

This class, which this year will be under the leadership of Mrs. E. Mallek, is held under the auspices of four of the social agencies in the Community Chest. It will meet in the Y.W.C.A. on Tuesday afternoon, commencing on October 18 at 2.30 p.m.

# Adanacs Are Beaten Again

### Drop Second Game of Canadian Lacrosse Final To St. Catharines 22-11

TORONTO (CP)—The strength of a big, hard-driving team, well stocked with substitutes, seemed to be telling today in the Canadian senior lacrosse finals as St. Catharines Athletics reached out to take the Mann Cup from New Westminster.

When the Ontario club won its second straight victory of the best-of-five series last night, 22 to 11, the impression grew that the coast city's Adanacs didn't have the resources to match the Athletics' all-around power, which seems to exert itself most when the going gets hardest. Young Adanacs, seeking to retain the trophy New Westminster Salmonbellies won last year, faced a unit without a weak point.

Bill Fitzgerald, a substitute, led the winners in scoring with five goals and Bill Wilson, Carl Madsen and Punk Morton got five each. That showing indicated the way ability is spread through the A's line-up.

As in the opening game Monday night, when the score was 18 to 11, St. Catharines pulled away after halftime. The Athletics led by only 4 to 3 at quarter time and 7 to 6 at the midway mark.

**NEED ONE MORE**

Now they have only to win Wednesday's contest here to sweep the series in three straight games over a team that came east touted as, and proved to be, one of the fastest in Canadian lacrosse history. If beaten then, the Adanacs will go home not as a team below the usual run of western representatives, but rather as one that met one of the greatest clubs the east ever turned out.

For two periods, New Westminster stayed practically level with the Athletics by means of a brilliant interference play patterned after basketball's spinners. Time after time the quick offensive thrust carried a lone forward in on goal with only Bill Whittaker to beat.

MARATHON GOLF proves nothing, but this chap, J. Smith Ferebee is certainly making it pay dividends. Business was bad two months ago when Ferebee, a Chicago broker, actually won a Virginian plantation from a business associate in a dawn-to-dusk trial. The stunt put ideas in Ferebee's head and now he is like any other exhibitionist. His latest stunt was 600 holes in four days on courses from coast to coast. He pulled the feat and is supposed to have won $100,000. We wonder just what the result will be on Ferebee's health.

Many strange and amusing shots of golf novices have been witnessed by Bert Gee in the 27 years he has been professional at the Edmonton Municipal Golf Club. In a reminiscent mood he told a reporter that a despondent housewife once told him her husband's golf was "driving us both crazy. Every time he drives the ball it ends up behind him. What kind of a shot is that?"

"That's not a shot," he replied, "that's a miracle. I won't believe it until I see it."

Next day the woman and her husband appeared. "Every word the woman said was gospel," said Gee. "I couldn't have duplicated the shot in 100 years. It was the way he held his club. The ball buzzed past his ankles and invariably ended up behind him."

Gee's oldest golf student is Rev. Arthur Murphy, 82-year-old enthusiast who plays nearly every day. Youngest student is a lad of eight. "Golf is a game in which persons of all ages and all walks of life join merrily. No one is ever too old to learn and nobody can learn too much, no matter how young he or she starts," Gee said.

"Our most enthusiastic player turned up in 1921. He suffered from insomnia. All summer long he started 18 or 27 holes before breakfast. He was always there at dawn. He said his doctor had given him only a year to live but I hear he is still going strong in Saskatoon.

"One day a novice standing on the first tee hit one of the queerest shots I have ever seen. The ball shot between his legs and hit a player on the 10th tee. (The 10th tee faces in the same direction as the first and is almost level with it).

"A few days later this same novice drove off the first and almost hit the same man who was putting on the ninth green away to his right. The next time the second player saw the novice driving he ran for cover behind a little shed," the pro laughed.

Larry MacPhail's guess is that the winter meeting of the National Baseball League will result in a radical reformation of the umpiring staff.

"There are two or three umpires who ought to retire on pensions for which they are eligible," says the general manager of the Brooklyn club. "Young and alert umpires ought to be brought up." MacPhail sides with Burleigh Grimes in a belief that Larry Goetz and Tiny Parker, the newest senior league umpires, have faults which make them undesirable.

"Goetz goes into a game with a chip on his shoulder," explains MacPhail.

It appears as though there was a lot of truth in Lou Gehrig's crack about American Leaguers still having years of action left in the National League after they are unfit for duty in the junior baseball loop. National League clubs signed 14 American League castoffs this year: Heinie Manush, Jim Weaver, Ernie Koy, Joe Sullivan, Vito Tamulis, Whitlow Wyatt, Lee Rogers, Freddie Sington, Charley George, Bill Cissell, Bob Seeds, Nolan Richardson, Jimmy Gleeson and Bill Baker.

## WORLD SERIES TAKE IS BIG

### Members of Champion Yankees Will Each Receive $5,815.28

NEW YORK — New York Yankees and Chicago Cubs sliced up the largest financial "melon" ever received by the players in a world series of four games.

From a player pool of $434,094.66, the two pennant winners took as their share 70 per cent, or a total of $303,866.26. The Yankees, as series conquerors, received 60 per cent of this latter total, or $182,319.76; the Cubs received $121,546.50.

Manager Joe McCarthy and 22 players on the Yankee squad, the three coaches, the batting practice pitcher and club trainer, each of whom was voted a full share, received $5,815.28 each.

Each of the Cubs, who split their pot only 26 ways—25 full shares and one in portions—get $4,674.87.

## MERCHANT LEAGUE MATCHES BILLED

Below is Jack Miller, hero of the afternoon, who won the Paul Girardeau Trophy and took second place in the other two events, the novice class and the Vancouver Island championship, all in spite of a half-stripped rear sprocket. He rode a Rudge Ulster.

# Crosetti-Marty Star

### Outstanding Members of Yankees and Cubs in World Baseball Series; New York Club Stronger Next Season

NEW YORK—Joe McCarthy's all-victorious New York Yankees broke up for the year today as the baseball world wondered when and where they will stop in the mad rush that has swept everything before it.

The first club in history to win three world titles in succession and the parent organization of two clubs which met in the "little world series," the Yankees apparently have all it takes to make a one-club show out of big league baseball for years to come.

Reports from the vast club farm chain indicate the champions should be 25 per cent stronger next year. One farm star, Charlie Keller of Newark, is almost sure of a regular outfield berth, giving McCarthy a dream outfield. Though rival clubs have offered as high as $125,0000 for Keller, the Yankees have rejected all bids.

Chicago Cubs didn't see the champions at their best during the four-game series sweep. The pitching and fielding was normal, but the hitting was far below Yankee par with a team average of only .274.

**CROSETTI HERO**

Hero of the series, a record breaker at the gate for a four-game show that drew a gate of $851,166 from 200,833 cash customers, was Frank Crosetti.

Though Rookie Joe Gordon displayed some great heroics in his first series, Bill Dickey batted .400 and Red Ruffing pitched two winners, Frankie was the one-man thorn in the heart of the Cubs. His fielding ruined them in the first game, his homer off Dizzy Dean won the second, and in the fourth he ripped off a triple that sank the Cubs for good.

The Chicago hero was Joe Marty, who drove in all the Cub runs in the second and third games and wound up tied for second place among the all-time series batting average leaders with a .500 mark even though Ruffing stopped him Sunday.

Yankees stampeded Chicago 8 to 3 Sunday for the fourth straight victory. Before 59,847 cash customers, whose sympathies for the beaten and out-classed were so touched they cheered in vain for a rally, Yankees simply toyed with the enemy and ended their record-breaking baseball odyssey over the rather prostrate forms of six Cub pitchers, including Bill Lee and Dizzy Dean.

## Mrs. N. Hill Is Named President

Mrs. N. Hill was elected president of the Victoria West Women's Lawn Bowling Club at the annual meeting held recently. Mrs. H. Baker was chosen vice-president and Mrs. C. Fea, secretary-treasurer.

The executive committee will be comprised of Mrs. W. Dealey, Mrs. W. Flude, Mrs. F. Hurry and Mrs. F. McCague. Delegates to the G.V.L.B.A. are Mrs. W. Wallace, Mrs. W. Dealey, Mrs. H. Baker, Mrs. F. McCague and Mrs. F. Hurry.

A vote of thanks was tendered all committees and members who had contributed towards making the season a successful one for the club. Arrangements were made to hold the first 500 drive of the season in the clubhouse, Thursday night at 8.

Mrs. J. Cromack was the highest scorer in Wednesday club competition games, while the team skipped by Mrs. W. Dealey won the Dealey Cup triples. Other members of the team were Mrs. McLachlan and Mrs. Hill. The women's doubles was won by Mrs. McCague and Mrs. Wallace, while Mrs. Findley and Mrs. Hill were runners-up.

Defeating the Esquimalt Centaurs 6 to 2 on Sunday, the Maple Bay Polo Club retained possession of the Cowichan trophy, emblematic of the island championship. The match was played at Maple Bay. H. Carberry, Maple Bay captain, was the high scorer with three goals.

# Mimico Are Champs

VANCOUVER (CP) — Mimico Mountaineers, new Canadian junior lacrosse champions, packed bags and prepared to leave for their homes tonight after successfully defending the Dominion title for eastern Canada. The 1938 champions take with them the Minto Cup, emblematic of the Dominion junior title, held last year by Orillia Baby Terriers.

Last night the Mountaineers downed Richmond-Point Grey of Vancouver, western titlists, 16 to 10, in the fourth game of the best-of-five series for the national title. They dropped the opening game 18 to 16 but copped the second 13 to 11 and the third 21 to 15.

Playing first-class lacrosse, the eastern champs easily bested the coast titlists after they ran up an 8 to 2 lead by half time.

Jack Williams led the eastern attack with six goals while Archie Dixon netted five and assisted in one. Art Noble, John Kelly and Harry Smith were Vancouver's highest scorers as each tallied twice.

## Small Fish Win Tillicum Derby

### Bond, Henson and Barr Take Main Prizes With 9½-Pound Salmon

Three 9½-pound salmon took first, second and third prizes in the Tillicum Athletic Club's second annual salmon derby held Sunday at Brentwood under the direction of the Chinook Club of the Victoria-Saanich Inlet Anglers' Association. There was a good entry despite poor weather conditions and the lateness of the season. Springs and cohoe were not plentiful.

The three derbyists with the 9½-pound specimens were forced to draw for the first, second and third prizes. J. W. Bond won the first, a silver coffee urn set, while S. Henson took second prize, a silver tea service, and Johnny Barr won the leather traveling bag, third prize.

Charles Prewett and Tommy Spencer were tied for fourth prize with a 9-pound salmon. A drawing gave Prewett that prize, a waffle iron set, and Spencer automatically won fifth prize, a table lamp. R. Knight won the rowboat special prize with an 8-pounder, while Mrs. Thomas Burns and Randolph Tervo captured the women's and men's consolation prizes respectively.

The Tillicum Athletic Club challenge cup will, in all probability, be fished for in the first competition of the anglers' association next year by the first three prize winners. The cup goes to the angler catching the largest fish.

Jack Wormald, president of the Tillcum Club, was introduced by Harry Woolston, president of the Chinook Club, which handled the derby, at the prize presentation on the Anchorage grounds. He spoke briefly and then introduced Mrs. Wormald, who presented the prizes.

Thirty-nine fish were weighed in.

## Soccer Match Ends in Draw

### Wednesday and Saturday League Elevens Battle to 2 to 2 Tie

Despite a slipperty pitch, surprisingly good football for this early in the season was witnessed yesterday afternoon at the Athlete Park when Wednesday and Saturday League "rep" elevens fought to a 2 to 2 deadlock in the opening battle of the Anscomb Cup series. The game was worthy of better fan support, there being only 200 present.

The midweekers left the field at the halfway mark enjoying a 1 to 0 lead, but the week-end all-stars speared the hemp twice to their opponent's once in the first 30 minutes of the final session to throw the score into a deadlock. There was lots of action in the concluding 15 minutes of play. Both sides attacked fiercely and although there were a number of miss-by-a-whisker shots at the goals, the score was still in a knot when referee Bill Cull tooted the closing tune on his whistle.

**SHORT ONE MAN**

The Saturday League started out short one man, and did not function so well in the early part of the match. They didn't find much time for offensives as manager Charlie Lewis' Wednesday Leaguers kept the heat on around their posts. But they managed to hold the midweekers scoreless until Gordy Bell came on to take over the right wing position. From then on the Saturday boys made a more even fight for it. For the remainder of the half, play swung end to end, but it was the Wednesday League who finally crashed the scoring column. This occurred five minutes from the rest interval. Fullback Gordy Cooper headed out Morry Speller's goal shot, but it was hooked by Barnswell, who passed on to Bob Preston, centre forward. Preston finished the movement by planting the leather between the sticks.

One goal down going into the second half, the week-enders forayed down the field right from the kickoff and tallied the ticing marker, this by "Nip" Sage. Goalie Sadler managed to brush away Stan Bischard's attempt, but Sage flashed in and booted the ball high into the left corner of the net. Pressure was applied at both ends during the next 25 minutes of play, and goalies and fullbacks were kept busy warding off attempts. Quite a number of shots missed the goals by split-hair margins.

Several minutes later, however, the Saturday League "reps" on one of their periodical attacks, were rewarded with a goal that shot them into the lead, Bischard taking Bell's fine pass to score.

But their position at the head of the scoring column was short-lived, for the Wednesday all-stars came back with renewed energy in their stride, and only a matter of minutes later the goal was

## DR. G. HALL GOLF LEADER

### Sets 36-hole Pace in Colwood Handicap Championship With 138

With a net score of 138, Dr. George Hall was the pacesetter at the end of 36 holes in the annual handicap championship of the Colwood Golf Club. The final 18 holes will be played Sunday.

In second place with 140 was W. C. Mearns, while third position was shared by A. B. Christopher, A. D. Macey and A. V. King, each with 141.

In the B class T. S. McPherson was out in front with a score of 139, closely followed by H. P. Hodges with 140. In third position were B. H. Anderson, K. Sangster and A. S. Balcolm with 141s.

Players will arrange for partners and starting times for the final round Sunday.

## Golf Winners

In the mixed foursomes held at the Colwood Club yesterday, Mrs. J. Willis and P. E. McCarter were the winners with a net score of 74.

At the Victoria Golf Club yesterday G. Verley and Miss M. Prior won the holiday mixed foursomes with a net score of 72½.

In the match play against par competition at the Uplands Golf Club on Sunday, Frank Moore and J. B. Shaw tied for first place, each finishing 2 up.

Finishing 1 up, A. S. G. Musgrave won the men's monthly par competition at the Victoria Golf Club on Sunday.

Finishing the 36 holes with a net score of 123, A. E. Slocomb won the Colonist Cup competition at the Macaulay Point Golf Club on Sunday. In the par competition yesterday W. Allen, W. Wills and A. E. Morgan tied for first place, each finishing 3 up.

## Sutton Victor In Four Races

### Local Driver Big Winner on Thanksgiving Day Auto Racing Card

At the wheel of Jack Smith's powerful speed chariot, Victoria's Bert Sutton turned in excellent driving performances on the rain-washed surface of the Langford Speedway oval yesterday to win the bulk of prize money in the Thanksgiving Day auto racing program.

He roared in under the checkered flag ahead of a strong field of contenders in the feature 20-lap event. He was followed by Buddy Green, another local pilot. Jack Spaulding from Seattle and Tarzan Carson were among the other drivers competing in this event, but they did not trust the tricky, wet track and did not take unnecessary chances. This race was held under a steady downpour.

Sutton made the fastest time in the time trials, and piloted his way to victory in the helmet dash and won the first 10-lap heat event by a big margin.

"Digger" Caldwell roared home the winner in the second heat race, his nearest opponent being Jerry Vantreight from Nanaimo. The third heat race was won by Buddy Green.

## Michoumy Out of Cambridgeshire

NEWMARKET, Eng. — Four horses — William Woodward's Salsalvo, Sir Abe Bailey's Caerloptic, Mrs. A. Gillson's Anita II and J. McLean's Egyptian Queen —were scratched today from the Cambridgeshire, to be run here tomorrow. James Rank's Michoumy, the favorite, was withdrawn yesterday.

Kingsley Macomber's Khasnadar is the new favorite at 21 to 2. A field of 29 remains in the race.

As tomorrow will not be a half holiday, no midweek soccer games are carded.

### Goes Over Treacherous Hill in 4 3-5 Seconds; Jack Miller Brilliant

The F. W. Francis Challenge Trophy, emblem of the Vancouver Island championship of the Victoria Motorcycle Club's annual hill climb, was carried off to Aberdeen, Wash., yesterday by Otto Drager, who put his Harley-Davidson hill-climb special up the 240-foot test hill at Mount Douglas in the near-miraculous time of 4 3-5 seconds, which works out at a speed of about 35 miles an hour.

At the crest of the hill Drager bounced a clear three feet out of his saddle drawing gasps from the large crowd which had gathered to watch the event in spite of the rain then settled neatly back into his place and crossed the finishing tape calmly.

But the outstanding performance of the afternoon was that of Jack Miller and his 500 c.c. four-valve Rudge Ulster.

Miller tied for the fastest time in the first run of the novice class with Dennis Yates (500 c.c. Triumph Tiger 90) in 7 1-5 seconds. On the second run he made 7 2-5 seconds to Yates' 8 2-5. Then in the run-off to decide the tie Miller's chain jumped the rear sprocket, neatly shearing off about half of the sprocket's teeth when he was half way up the slope. Yates, whose tire chains had fetched adrift on the second climb, went up 200 feet with a bare tire and won the class.

Ready to throw in the sponge for the other two events of the afternoon, Miller changed his mind and decided to ride with a half-stripped sprocket.

Tightening his rear chain as far as it would go and putting an enormous strain on the Rudge's clutch shaft, he shrieked up the hill in 6 4-5 seconds to win the Paul Girardeau Memorial Trophy, for competition among club members, at a new record speed. Bob Shanks (Indian 45) was second with 8 4-5 seconds, and Newton Cameron (500 c.c. flat twin, shaft-drive B.M.W.) was third in 9 seconds.

Then, with the transmission of the Rudge standing up miraculously, Miller went on to better his Girardeau Trophy time in the championship event and take second place to Drager with 6 3-5 seconds. Jimmy Wells (500 c.c. Mar 10 Triumph) placed third with 7 2-5 seconds.

Others who went over the top of the hill during the afternoon, and their best times, were: Binks Rainsford (500 c.c. Triumph Tiger 90), 9 1-5 seconds; R. Moody (500 c.c. Triumph Speed Twin), 8 1-5 seconds.

The crowd gave a special cheer to Pop Shanks, 63 years old and still trying, who put a new "alphabetical wonder" Harley a whole lot nearer the top of the climb than a good many of the youngsters.

Okley ("Ox") Downey of Chehalis, Wash., unable to compete because his overhead-valve Super-X did not conform with the championship class regulations, put on a special exhibition climb.

Councillor George Austin of Saanich officially opened the event.

The competition was thoroughly cosmopolitan in nature. Of the 15 machines taking part eight were of United States origin (Harley-Davidson and Indian), six were English (Triumph and Rudge) and one was German (B.M.W.).

## Grimes Through

NEW YORK—General Manager Larry Macphail of the Brooklyn baseball club called in reporters yesterday to tell them something they all knew—that Burleigh Grimes had been released as Dodger manager.

No successor was named though Macphail said he was considering several candidates, foremost of whom were Leo Durocher, Jimmy Wilson, Charles (Chuck) Dressen and Frank Frisch.

**LORD HAWKE DEAD**

LONDON — Lord Hawke, 78, famous old-time Yorkshire batsman and noted cricket authority, died yesterday. He acquired fame as one of the greatest county cricket captains, and as president of the Yorkshire County Cricket Club since 1910 was mainly responsible for building the club into the great size it is today. He was president of the Marylebone Cricket Club from 1914 to 1918, and treasurer of that governing body from 1932 until last April.

**INSTALLATION SERVICE**

The new council members were installed at a special service in Christ Church Cathedral last night when Dean Spencer Elliott and Rev. Harding Priest were in charge.

The conference was one of the most successful ever held by the association and drew a wide representation from young people's associations throughout the province.

Special services were held for the delegates in most city parishes on Sunday morning after which luncheon was served in the Memorial Hall with Florence Lemon, Duncan, president of the Nanaimo Deanery Council, presiding.

At Christ Church Cathedral Sunday morning Dean Elliott gave an address to the young people on "The Modern Christian in the Modern World." He was also in charge of a special evening service which was followed by an illustrated talk on the need for forest conservation by Claude L. Harrison.

Yesterday was devoted to morning worship and a business session in the Memorial Hall. Rev. A. E. Hendy conducted the service.

A suggestion from Dean Elliott to publish a diocesan magazine was endorsed and all district groups were urged to do their best to further the suggestion.

**BURSARY PLAN PROPOSED**

Approval was also given the suggestion to investigate the possibility of creating an annual bursary for members of the A.Y.P.A. studying at the Anglican Theological College.

The luncheon following yesterday morning's business session was presided over by Jack Mumford, president of the New Westminster Deanery Council and the address of the afternoon was given by Rev. Harding Priest, western field secretary of the Board of Religious Education, on the Oxford and Edinburgh youth conferences.

During the afternoon visiting delegates enjoyed scenic drives around the city and in the evening were guests at a supper arranged by St. Mary's A.Y.P.A.

Rev. Norman Crees, minister, opened the convention. Rev. A. E. Whitehouse led a brief devotional service. Prof. E. S. Farr gave a challenging address on "Sunday School Life Today," appealing to Sunday school teachers to fully consecrate themselves to this important work. Miss Maureen Whitehouse contributed a solo. Mrs. D. A. Girvin of Duncan gave a stirring address on temperance.

Miss Muriel Wright gave particulars of an imaginary trip to Palestine taken by a group of junior pupils, showing the excellent map which they made. R. Harris displayed some posters illustrating hymns also made by juniors, and Miss Wilma Gardner described a Christmas project with kindergarten children. All these were much appreciated by those present.

Rev. J. E. Bell led in a brief devotional service in the evening. Mrs. James Hood and Miss Grace Baker gave addresses, dealing with the teaching of missionary material in the Sunday school.

Rev. Horace Burkholder, general secretary of Christian education for the provinces of British Columbia and Alberta, addressed the gathering, showing the need of teachers constantly training themselves for their great task.

TAKE THE LEAD OUT OF YOUR LEGS

Get Oxygen in Your Blood and You'll Get the Pep that Sends You Bounding Up the Stairs

People who smother to death die because oxygen has been completely cut off from them. Just as surely you are slowly smothering if your blood lacks red corpuscles. Red corpuscles are your oxygen-carriers. They carry the oxygen you breathe in to every part of your system. Without enough oxygen-carrying corpuscles, your kidneys, liver, stomach and bowels slow down. Your skin gets pale, flabby, often pimply. Your nerves may become jittery—you tire quickly—feel depressed.

What you need is Dr. Williams Pink Pills. These world-famous pills help make more and better red corpuscles and thus increase the oxygen-carrying power of your blood. Get Dr. Williams Pink Pills today at your druggist. See for yourself how quickly this time-proven blood-builder will help give you back your pep. Copr. 1938, G.T. Pelton & Co., Ltd.

Canadian Exporters Appreciate the Work Done Abroad

by Canada's Trade Commissioners

THE old saying "Trade Follows The Flag" might, in Canada's case, be changed to "Trade Follows The Trade Commissioner". Certainly these able men that Canada has sent to Empire countries and foreign lands have played an important part in the building up of Canada's immense export trade. Just how important may be realized by extracts taken from a few of the many letters recently received by the Department of Trade and Commerce. These letters being confidential, the exporters' names have been omitted.

These Letters prove the worth of this Service

*February 23, 1938.*— "Our Company has always received valuable help through the offices abroad of the Trade Commissioner Service during the years we have been building up our export connections and I can assure you that it has been very gratifying indeed to us all."

*May 11, 1938.*— "We sincerely appreciate the efforts of the Canadian Trade Commissioner in South Africa in opening up the market for us in that country."

*April 25, 1938.*— "We certainly have nothing but the highest words of praise for the great co-operation we receive from your Department and from the Canadian Trade Commissioners everywhere."

*March 19, 1938.*— "Your efforts in our behalf on this matter are highly appreciated and confirm our opinion that the Canadian Trade Commissioner Service is second to none in the world."

*May 3, 1938.*— "It is impossible to reply to this communication without expressing congratulations on the extremely thorough manner in which the information was transmitted to us. It bespeaks well for the efficiency of your Department and is very much appreciated."

*April 13, 1938.*— "In view of the services and assistance rendered us by your Trade Commissioner and his staff in Kingston, and the Commissioner and his staff in Port of Spain, the writer, on behalf of these services, would wish to compliment your Department in the personnel and ever-ready and willing assistance extended us by these respective officers."

*March 14, 1938.*— "We have come to associate success in anything they undertake with the names of that great body of Commercial Ambassadors whom we call our Trade Commissioners."

*March 24, 1938.*— "In closing, may we express our appreciation of the assistance given us by your Department in the past, which has so greatly encouraged us in the development of our exports of Canadian merchandise."

*March 10, 1938.*— "In the trying time through which all export business is now passing, one of the most pleasant features is the unfailing helpfulness and courtesy rendered to Canadian manufacturers by the representatives of their Government, commercial and otherwise, abroad."

*March 12, 1938.*— "I wish to take this opportunity of expressing to you my appreciation for the valuable assistance which the Canadian Government Fruit Trade Commissioner in London, gave us in connection with obtaining satisfactory insurance on our shipments to South America."

*January 27, 1938.*— "We would again like to remark that you have certainly been a tremendous assistance to us in both the Dutch East Indies market and the New Zealand market and we assure you that we are very grateful."

*January 11, 1938.*— "We wish to take this opportunity of expressing our keen appreciation of the very excellent attention which the Cape Town Commissioner is giving to this particular situation and the service which he is performing is indeed of great value to us."

They Helped To Provide Employment

Canada's Trade Commissioners furnished several thousands of trade reports during the last fiscal year to Canadian firms seeking to enlarge their export trade. They assisted Canadian exporters to make many new connections that brought 22 millions of new business to Canada—business that helped provide employment.

# Six Accidents Over Week-end

## Fog and Traffic Increase Cause Collisions; Two Persons Hurt

Heavy fog at certain hours and a general increase in traffic during the holiday were responsible for six motor accidents in which damage was sufficient to warrant reporting to city police.

Only two persons were reported to have been injured, one being Mrs. Nora Dopson, 1041 Pandora Avenue, who was a passenger in a car which struck the railing at Hillside Avenue and Shelbourne Street in Saturday night's fog, and the other being Tom Niga, 248 Douglas Street, Japanese motorcyclist, who had his head and face scraped in an accident at Belleville and Douglas Streets.

Mrs. Dopson was driving with James Walker, 2408 Wark Street, when his car hit the railing. She was taken to St. Joseph's Hospital by a passing motorist and released after getting medical attention.

Niga was driving his motorcycle with G. Nizura, Cordova Bay, as his passenger, when he was in collision with a car driven by R. Field, 648 Transit Road, Sunday evening at 6.30. Both machines were damaged, the police report said.

At 3.20 Sunday morning the dense fog caused A. H. McMillan, R.M.D. 4, to collide with a telephone pole on Fernwood Road, between Walnut and Bay Streets. The pole was broken off at the base by the impact and although Mr. McMillan's car was damaged he was unhurt.

Yesterday afternoon at 3, cars driven by William J. Bradshaw, a visitor from Quesnel, and Angus M. C. Kenning, Upper Terrace Road, collided at Cadboro Bay and Foul Bay Roads. According to Oak Bay police both cars were damaged but there were no personal injuries.

Alex. McKay, 1833 Foul Bay Road, and E. Saunders, 1315 Bay Street, were the drivers of two cars involved in a collision at Pandora Avenue and Quadra Street yesterday afternoon at 4.50.

At 1.30 Saturday afternoon cars driven by Edward Ran, 1728 Coronation Street, and Herbert Hartnell, 1124 May Street, collided at Robertson and Ross Streets. Both cars were damaged but no personal injuries were reported.

# SOME DAMAGE IN FURNITURE FIRE

Fire of unknown origin gutted the rear of the Hub Furniture Company, 713 Johnson Street, operated by Martin Boas, early this morning, causing considerable building and property damage from fire and water as the flames spread from the ground floor to the roof, three stories up.

Fire Chief Alex Munroe announced this morning the blaze would be investigated by W. Ward, special investigator for insurance companies from Vancouver. Mr. Ward was due on this afternoon's boat from the mainland.

No estimate was made of the loss but it was fully covered by insurance, fire department officials stated.

The blaze broke out at 2 this morning and three minutes later the call was turned in.

The fire started at the rear of the building, beneath a stairway on the ground floor and spread rapidly to the upper section of the building. Since the location of the building made it impossible to reach the flames from behind, the new aerial was used to enable firemen to climb over the roof and fight down on the flames.

Fire department officials reported it was the third fire in the premises within a year, records showing other calls to the same building in December of last year and July this year.

# LIM APPEAL OPENS HERE

## Indictment on Which Chinese Convicted Challenged in Court of Appeal

Appeal of Gordon Lim from conviction under the Narcotic Drugs Act opened before the Court of Appeal here today. C. L. McAlpine, counsel for the appellant challenging the indictment on which Lim was convicted at the Fall Assizes last year.

Mr. McAlpine submitted it was not an offence to distribute drugs. It was an offence to distribute drugs to a minor, but he told the court the word minor was not mentioned in the indictment. The words "without first obtaining a license from the minister" were also missing from the indictment, Mr. McAlpine said. There was also, he claimed, no proper evidence to prove that what was distributed was drugs.

The appeal is continuing this afternoon. John Farris is with Mr. McAlpine and Dugald Donaghy and Henry Castillou are appearing for the Crown.

# Truck Runs Over Chinese Owner

Chan Young, Chinese, 642 Herald Street, suffered fractured ribs and internal injuries when his truck ran over him at the corner of Avalon Road and Government Street today.

According to a police report, the car slipped its brakes after Chan got out and as it started down a slight incline he attempted to stop it by pushing against the radiator. He was knocked down and the truck wheels passed over his chest and partly over his stomach.

He was taken to the Jubilee Hospital by Sergt. A. H. Bishop and Constable James Strong in the police ambulance and was attended by Dr. C. W. Duck.

# Record Gains

Gains in revenue collections from sources other than taxation, coupled with a percentage increase in the actual collection of current and arrears taxes were announced by Mayor Andrew McGavin for the first nine months of the year.

At the end of September the gains from sources other than taxes amounted to $17,009.69, exclusive of returns from reverted land. Prominent among the increases were those reported on Goldstream and Sooke water systems, which were up about $5,000 and $1,400, respectively.

Trades licenses, amounting to $95,660 at the end of last month against $89,659.83 at the end of September, 1937; poll tax collections, up approximately $1,700; police court fines, library receipts and wiring inspection fees were among the increased receipts which swelled the total for the first three-quarters oof the year to $481,876.50, against $464,866.81 in 1937.

Cash returns from lands, including sales and rentals, amounted to $51,640.96, an increase of $20,212.66 over those of 1937.

**TAX COLLECTIONS**

While the amounts of money actually paid in on current and arrears accounts this year were $22,655.57 and $31,610.13 below those of the corresponding figures for last year at October 8, the percentage collections were higher this year in each case, in view of the fact the amounts on which taxes could be raised was lower.

Last year's total of $1,281,484.35 was 76 per cent of the total levy, while this year's $1,258,828.78 represents 78 per cent of the aggregate.

In the arrears the percentage increase is even greater. At October 8, 1937, the sum of $265,297.25, or 37 per cent, had been paid against $233,687.12, or 41 per cent, to date.

# Trial Opens

Jury trial of Robert Lionel Eccles on a charge of manslaughter arising out of a fatal car crash on Palmer Road on May 27 last, opened the fall assizes here today. Mr. Justice D. A. McDonald is presiding.

Royston G. Perkins died as the result of injuries sustained in the accident in which Eccles was the driver of a car which overturned on the side road leading from the Island Highway near the Chanticleer.

P. B. Colclough testified he had loaned the accused his car at the latter's request after the accident, and the two had gone to the section of Palmer Station Road, where the Eccles car had turned over on its side. They had found Perkins standing beside the machine in a dazed condition and badly injured, and had taken him to the Jubilee Hospital.

Hilda Clark, resident of the neighborhood, testified she had heard bumping noises and a loud crash. She went to the scene and saw Eccles running down the road and Perkins was standing dazedly near the car. Eccles and Colclough had returned and taken Perkins away in a car. Palmer Road, near the highway, was in poor condition and not wide enough for two cars to pass comfortably, she said.

Following her testimony the case was adjourned for luncheon.

The jury includes: Arthur Rigby, foreman; Eric W. Philbrook, Edward Adams, John M. Scoular, John Ardwin, Henry James, Patricia Davenport, John Ewing, Ernest Wm. Ockwell, Edwin Irving, John D. Maltman and Francis J. Ferguson.

**The Council of Social Agencies** will meet tomorrow evening at 8.15 in the Y.W.C.A., 760 Courtney Street. All delegates are asked to be present. A roll call will be taken. The subject for the evening will be "The Single Man," and as this is one which interests many agencies, members are requested to be prepared to discuss the matter as it affects their policy. Hon. George Pearson, Minister of Labor, will present the point of view of the provincial government.

# Thieves Prowl Homes, Offices

## Cash and Jewelry Constitute Principal Loot In Seven Week-end Thefts

Topped by a safeblowing at the Dalziel Box Factory, where thieves escaped with considerable cash, seven robberies were reported to police over the holiday week-end.

The Dalziel office, at 2800 Bridge Street, was reported entered at 3.55 yesterday morning. Two hammers and a steel punch, used to hammer the safe open, were found on the premises.

Within a few minutes of the discovery B.C. Police at island points were advised to be on the lookout for a suspect who was seen in the vicinity of the plant in the early hours by Detective Henry Jarvis. The robbery was discovered by Constable George Clayards while making his rounds.

Last night the Marine Iron Works, 515 Pembroke Street, were entered and a quantity of equipment taken. Entry was gained through a window in the boiler shop, and from there the thieves went through another window into the machine shop.

The B. Wilson Company plant was entered and ransacked overnight, but investigation this morning indicated nothing missing. A broken pane in the door which gave thieves access to the door bolt provided the means of entry.

Two purses, containing $85, a gold ring set with diamonds and a railway pass to Winnipeg, were stolen from the home of A. J. Kelpin, 1270 Faithful Street, which police were told at 10.35 Sunday night had been entered. A suitcase also taken from the house was found in the yard. One purse, containing $61, the ring and the railway tacket were the property of Mrs. J. H. West, a Winnipeg visitor, and the other purse was owned by Miss M. Murphy of St. Joseph's Hospital.

While the family was downstairs in the living room, a Fairfield home was entered Saturday night and a silver fox fur and $3 in change stolen.

Mrs. G. L. Nixon, of the Marionette Library, Douglas Street, reported a purse containing some valuable papers and change was stolen from the rear of her premises on Saturday.

A gold ring set with two chipped diamonds, valued at $75, was stolen by thieves who entered the home of Mrs. A. M. Aitken, 1022 Linden Avenue, on Friday night. Entrance was gained through a bedroom window.

# Social and Personal

Mr. and Mrs. C. Whatman of the Beverly Hotel have just received the sad news of the death of their only daughter, Mrs. L. R. Parry of Winnipeg. Mrs. Parry was well known in Victoria, coming here with her parents in 1910.

Mrs. Horatio Walker and Mrs. R. C. Ballard of Beverley Hills, who have been spending the last three months in Victoria, guests at The Angela, Burdett Avenue, left on Friday for their home in the south.

Mr. and Mrs. Geoffrey C. Large, who have been spending some months visiting Mrs. Large's uncle and aunt, Mr. and Mrs. Henry Doyle, Vancouver, and friends in Victoria, will sail on Saturday on the Empress of Japan for their home in Shanghai. They will be accompanied by Mrs. Large's mother, Mrs. Chisholm Fraser, formerly of Victoria, who is now making her home in the Orient.

Mr. and Mrs. Victor Casenave entertained at a shower at their home, 2121 Cadboro Bay Road, recently in honor of Miss Rita Mottershead and her fiance, Mr. Richard Berry, who are to be married this month. On her arrival the bride-to-be received a corsage of carnations, and later the attractive gifts were presented in a container decorated in peach and mauve. The same color scheme was used in decoration of the supper table, with its runner in mauve trimmed with peach, candlesticks holding mauve tapers, and peach and mauve flowers. The other guests included Mr. and Mrs. H. Mottershead, Capt. and Mrs. H. Rivers-Rebitt, Mr. and Mrs. F. J. Darimont, Mr. and Mrs. S. A. Shrimpton, Mrs. A. Jackson, Mrs. B. Stone and Mrs. E. Strachan.

On the occasion of their golden wedding anniversary on Sunday, Mr. and Mrs. F. W. Blankenbach of Verrinder Avenue, were presented by a group of their friends with a handsome silver tray, suitably inscribed; to Mrs. Blankenbach was also given a gold ring set with pearls and to Mr. Blankenbach, a gold Eversharp pencil. Rev. Robt. Connell made the presentation, together with an illuminated scroll which was signed by all the guests present. Mr. and Mrs. Blankenbach were also the recipients of many lovely flowers. Throughout the home yellow chrysanthemums were effectively arranged and the tea table, over which Mrs. B. C. Combe and Mrs. P. B. Brown presided, was centred with yellow chrysanthemums. Mr. and Mrs. W. Blankenbach of Vancouver, and their two little daughters, and Mrs. Hartney who were the guest of Mr. and Mrs. F. W. Blankenbach for the anniversary, returned last night to their homes on the mainland.

In celebration of the 53rd anniversary of their wedding day, Mr. and Mrs. G. R. Twamley entertained at their home, 2827 Cedar Hill Road, on Friday evening. Their guests included members of their family and other relatives, among them being their daughter and her husband, Mr. and Mrs. Chas. Hastings; two sons, Albert and Frank, Mrs. Twamley's sister and her husband, Mr. and Mrs. A. R. Hatcher. Owing to distance, their oldest son, Roberts of Webb, Sask., and their youngest daughter, Mrs. R. T. Turner of Chesley, Ont., were absent. A dainty supper was served by Mrs. F. Smith and Mrs. Frank Twamley from a table decorated with carnations and flowers, the centre of attraction being the bride's cake. An amusing guessing contest, arranged by Mrs. Twamley Sr., was enjoyed. Mr. and Mrs. Twamley take a keen interest in their church and in current events, and their friends wished them many more happy returns of their wedding day.

# Vivid Drama At Dominion

Stark, vivid drama, building up to a powerful climax, is presented in "Woman Against the World," a Columbia production currently showing at the Dominion Theatre, featuring Ralph Forbes and Alice Moore.

The picture was filmed by Central Films Ltd. at the Willows Studio and on location in various parts of the Victoria district in March of last year. Victoria actors support Hollywood players in the leading roles.

Both stars appear in striking characterizations. Miss Moore portrays a young mother fighting for her child, and Forbes contributes a finished performance as the attorney who aids her in winning her fight for justice.

Edgar Edwards is outstanding as the girl's husband. Other capable characterizations are supplied by Collette Lyons, Sylvia Welsh, Ethel Reese-Burns, George Hallett, James McGrath, Grant MacDonald, Fred Bass, Harry Hay, Enid Cole and Reginald Hincks.

David Selman directed.

# Dance Team At Capitol

A psychiarist with dancing feet meets an actress with a similar complex, and the result is a delight in Terpsichore in "Carefree," spectacular filmusical starring Fred Astaire and Ginger Rogers, at the Capitol Theatre.

The dancing stars are cast in this RKO Radio picture as a psychiatrist and an actress-patient, and the doctor's efforts to analyze the young lady's romantic problems lead to a series of hilarious events spiced with gay music and colorful dancing.

# "Final Chord" At Oak Bay

"The Final Chord" is the current feature at the Oak Bay Theatre. Obliged to flee from Germany with her husband because of his financial crimes, Hanna Mueller (Miss Tasnady) learns on New Year's Eve in New York that he had committed suicide, leaving her penniless and ill. Broken by despair and the thought of her little boy, Peter, left in Berlin with strangers, she seems determined to die. Then the strains of Beethoven's Ninth Symphony, played by the orchestra of the Berlin State Opera and coming to her through the radio loudspeaker in the next room, revive her.

In the meantime Peter has been adopted by Erich Garvenberg, who conducted the Ninth Symphony. His wife, Lil Davoger, does not appreciate music and seeks distraction in mystic cults. Then Hanna arrives in Berlin, gets a job as nursemaid to her own child, and experienced cinemagoers can anticipate the rest.

# Musical Film At the Atlas

Twenty-six of Irving Berlin's matchless melodies, as well as two additional new tunes, provide the score of the 20th Century-Fox spectacular dramatic-romance, "Alexander's Ragtime Band," now being shown at the Atlas Theatre.

Tyrone Power, Alice Faye and Don Ameche portray the principal roles in the stirring romance.

O.B.Y.P.A.

The Oak Bay Young People will hold their regular weekly meeting this evening, commencing at 8. All young people are cordially invited.

# Navy Mobilized With Speed

## British Seamen Reported For Duty Before Proclamation Issued

LONDON (CP-Havas) — The speed with which mobilization of the Royal Navy was carried out surpassed all expectations the Press Association reported today on the basis of information from authoritative naval sources.

Mobilization operations were divided into two brackets—one involving effectives on active duty, the other covering reservists.

Training was suspended and men were quickly transferred from their garrison posts to combat stations or auxiliary service bases, both at home and overseas. The entire operation was carried out without the least difficulty, it was said.

Speed with which reservists of all categories answered the mobilization order drew particular praise. A total of 29,000 men presented themselves for service. Of these, 13,000 were former naval officers and sailors with a record of from seven to 12 years' service in the Royal Navy. The balance included volunteers and merchant marine reservists.

A great many of these 16,000 presented themselves at their scheduled depots the morning after the midnight announcement of mobilization, even before the proclamation had been posted.

# Johnson Completes Air Line Survey

MONTREAL—"Progress has been continuous and satisfactory in all departments of Trans-Canada Air Lines and all work in hand is proceeding quite within the schedule set," said Philip G. Johnson, vice-president in charge of operations, on his return to Montreal on the completion of a tour of inspection to the Pacific coast.

Answering the suggestion that progress had not been rapid, Mr. Johnson said: "Establishing a transcontinental air service is a job of magnitude and one that takes time. It is not a job to be hurried. We must attain complete security. It must be remembered, too, that a year ago, the Trans-Canada Air Lines existed only on paper. Since the inception of actual work it has been necessary to obtain and train an efficient personnel, to establish ranges, to develop and familiarize all pilots with such ranges and navigation aids. The work of developing and equipping air ports and landing fields is also a matter requiring time. In addition to scheduled landing fields it is necessary to have emergency landing fields so that the physical problem involved in that work is an important one. It will be appreciated that great care is absolutely essential and the public may rest assured no service will be undertaken until all details have been completed and thoroughly co-ordinated."

Mr. Johnson declined to commit himself to any date for the establishment of passenger service or further extension of mail service. The passenger service would be contingent on the completion of all factors, while the mail service continues to be a matter of negotiations between Trans-Canada Air Lines and the post office department.

The T.C.A. now has 260 employees, including 36 pilots.

### SHIP DAMAGED ASHORE

Damage was sustained by Ss. North Coast, of the Northland Transportation Company, when she stranded Saturday at Shelter Bay, near Campbell River, east coast of Vancouver Island, but the full extent will not be disclosed until she has been surveyed in drydock at Seattle.

The North Coast, which was en route from Seattle to Southeastern Alaska when she went ashore in thick fog, freed herself from the rocks about 5 Sunday morning, just before Ss. Salvage King, of the Pacific Salvage Company, arrived at the scene from Victoria. T. C. Workman, of the London Salvage Association, and W. G. Jordan, superintendent of the Pacific Salvage Company, went north on the Salvage King from here.

The damaged vessel was taken to Duncan Bay, where a divers' survey was carried out and she was permitted to proceed to Seattle under her own power. Mr. Warkman remained with the ship, while Mr. Jordan returned to Victoria with the Salvage King.

The 36 passengers and cargo of the North Coast will be transferred to Ss. North Sea, sailing from Seattle Friday for Southeastern Alaska.

### PANDORA IN TOW

The cruiser Pandora, which visited Victoria last summer en route north with Dr. Homer F. Kellems and party aboard, en route to Barrow, Alaska, to erect and dedicate a memorial to the late Will Rogers and Wiley Post, had trouble with her motor on the southbound trip off Ocean Falls and is today in tow of the U.S. coastguard cutter Cyane, bound for Seattle, where she is expected late today.

The Pandora had cylinder trouble and was unable to report the mishap as she carried no radio. The Cyane overhauled her drifting in Tolmie Channel near Ocean Falls and put a line aboad. The Pandora was towed into Alert Bay to get customs clearance.

Aboard the 38-foot cruiser is Dr. Kellems of Delaware County and John Kayser of Chickasha, Okla.

Aboard with Moy were his young wife, dressed in jersey and slacks and with a Boy Scout knife strapped to her waist, and two Tampa seamen, Charles Schetter, 34, and William Hughes, 22.

The craft's clearance papers read "London," via Singapore and way points," and Moy said: "When we get there doesn't matter."

The New York Stock Exchange, local commodities, Chicago Board of Trade and other domestic grain centres will observe the holiday.

# London Market

LONDON (AP)—An easier tendency prevailed in the stock market today, although industrials showed renewed strength, especially armament, tobacco and motor shares. Continental selling depressed oils and trans-Atlantic securities were mixed, closing one point down to two higher. Home rails sold lower and the British gilt-edged section was heavy. Copper and other base metals remained quiet. Foreign bonds were as much as two points off.

# Wheat

WINNIPEG (CP) — Winnipeg wheat futures averaged a little higher late today in a quiet post-holiday session. At the close quotations were ½ cent higher to ⅛ lower, October 60, November 60⅛, December 59½ and May 63.

Canadian export sales during the long week-end were small, estimated below 100,000 bushels. Liverpool closed ¼d higher to ⅛d lower, Buenos Aires was up ¼ cent at noon and Chicago continued steady.

World wheat shipments last week, totaling 10,754,000 bushels, slightly below the previous week and same week a year ago. North American shipments were 5,469,000 bushels, about the same as the previous week.

Some No. 3 northern changed hands in the cash market at unchanged spreads, but millers and exporters generally were unable to buy more than a few odd carloads of wheat.

Coarse grain quotations moved similar to wheat in one of the quietest in weeks.

# Trends Confusing

NEW YORK (AP)—Stocks put on numerous quick-change acts in today's market and generally convinced traders the hand was faster than the eye so far as confusing trends were concerned.

Dips and rallies were so frequent the customers no more than took a position on one side of the market than prices pointed in an entirely opposite direction.

While strong spots were in evidence here and there, along with an assortment of new highs for the year, minus signs, were plentiful throughout and closing quotations highly irregular.

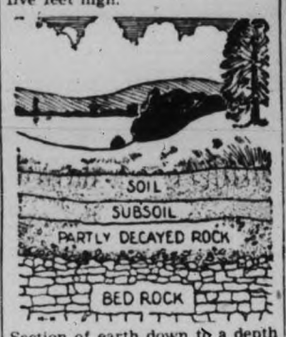
## The Crust of the Earth

### I—FROM ROCK TO SOIL

One summer day, while I was climbing Long's Peak in the Rocky Mountains, I crossed what is known as "Boulder Field." It is a great space on the mountain side, a space containing thousands and thousands of boulders. Many of the boulders are four or five feet high.



Section of earth down to a depth of about 20 feet.

Those boulders are not like the ones so often seen in places where glaciers once spread over the continent. Their edges were more square than rounded, for they were not hauled about by a glacier in a way which would knock the edges off.

We might fancy that a giant, or an army of giants, had moved those boulders to Boulder Field, but that is not the way they got there. They came from rock layers which long ago were broken into pieces.

Scientists tell us that at one time the earth had no soil above it, but was covered with a rocky crust. Oceans and seas covered a great deal of the rock, but the rest was above water level.

Rain did much to break up the rock layers. As it fell over a period of thousands of years, it wore away the rock little by little. Small streams and large rivers were formed by the rain, and they ran toward the sea. As they emptied into the sea, they dropped bits of rock and formed delta land.

Water got into cracks in the rock, and when it froze the ice did not have quite enough space. As the ice formed, it pressed against the rock, and chunks broke off.

Ocean waves also played a part in breaking up the rock. They beat against cliffs, and broke away bits which became sand. By and by, there were sandy beaches in thousands of places. From time to time, winds caught up dry sand and carried it here and there. Strong winds, with sand in them, helped to wear away the cliffs.

At last there was enough soil for the growth of plants. Strange forms of plant life arose, including tree ferns in vast numbers. As the plants died they added richness to the soil.

So we may say that winds and water have turned rock into soil. Today we find soil on almost all of the so-called "dry land" of the earth. In certain places it is only a few inches deep, but elsewhere it has a depth of from 100 to 200 feet. Below the soil we find partly-decayed rock, and bed rock.

Sandy soil and clay soil are the two main kinds. Commonly they are mixed, but there may be much more of one than the other.

# HOROSCOPE

WEDNESDAY, October 12, 1938

After the early hours of this day adverse planetary aspects appear to dominate. The morning is auspicious for all lines of constructive work.

Engineers and builders come under a stimulating influence of the stars. Public buildings and roads will occupy government attention and on both the Atlantic and the Pacific coasts much money will be spent.

The configuration is fortunate for the navy as well as for the merchant marine.

Women may meet disappointment today if they test their prospects for important positions in governmental or private work.

Because of the adaptability of women to changing conditions and environment they will gain success where men fail, the seers prophecy. Feminine versatility will be widely demonstrated this autumn.

This is not an auspicious time to seek favors or approvals. Those who occupy the seats of the mighty will have too many troubles of their own to be interested in the ambitions of their friends.

Persons whose birthdate it is have the augury of a year of happiness and pleasure. New friends will be many. Expenditures may increase and budgets should be watched.

Children born on this day probably will be talented and industrious. Many subjects of this sign have distinct artistic gifts.

# *Dorothy Dix's Letter Box*

DEAR DOROTHY DIX—For 22 years my husband and I have lived together in peace and happiness. We have a nice little home which we both love and enjoy more than words can tell. My husband has a maiden sister a few years older than he is. She has a small income and lives alone in a little apartment, but now, to my horror and astonishment, she has decided she wants to come and live with us, says she is lonely. She is narrow and dictatorial, and when one differs with her is very nasty and sarcastic. By her plain-speaking and overbearing manners she has driven away good friends and that is why she is lonely. She is the last person on earth with whom I would choose to share my home, yet my husband seems to think that I am selfish in not wanting to have her. Should I agree to try it, or should I stick to my guns and let my husband consider me selfish?

ANXIOUS.

Answer: Die at your post rather surrender. You will alienate your husband far less by refusing to let your sister-in-law come to live with you than you will by having a family row if you do.

There is no use in trying the experiment because it is bound to end in disaster. No two women, unless they are pin-feathered angels and diplomats to boot, can live together in a small house without getting on each other's nerves, and when they are just mere ordinary human women with different tastes, points of view, habits and customs, it is just simply impossible for them to dwell together in harmony.

There are plenty of mothers and daughters and sisters as well as in-laws who fight like the Kilkenny cats when they live together, but who love and admire each other when they are separated. Nothing makes for family unity and happiness as much as for the different members thereof to live in their own homes, where they can do as they please. So say NO firmly and stick to it when anyone proposes to come and live with you.

DOROTHY DIX.
